Student Services Curriculum

Student Services as a division exists to focus on the whole student, and the entire student learning experience. Everything we do contributes to and promotes the quality of student learning. The vision of Student Services will center around five main learning concepts that will guide our work in defining our division’s Student Learning Outcomes.

RESPONSIBILITY

Student Services helps students develop personal responsibility for their lives, and their learning skills such as time management, budgeting, and ability to meet deadlines. Students learn self sufficiency, responsibility, and accountability through the co-curriculum processes of online admissions, assessment, orientation, financial aid, transfer and career services, individualized counseling, and personal health services.

RESPECT

Student Services provides the co-curriculum of respect of self and others through a myriad of student development opportunities designed for learning about differences and commonalities. Participation in competitive sports and the opportunity to understand one’s own and others’ learning abilities and disabilities are components of respect. Student Services focuses on building a diverse learning community that demonstrates the value of each individual through trust, cooperation, and teamwork in an environment of civility.

INTEGRITY

Student Services helps students develop their honesty of character through awareness and intervention. The student code of conduct is built in tandem with the academic dishonesty regulations. The lack of gossip is encouraged.

LEADERSHIP

Student Services is in the role of providing leadership skill building opportunities through student development workshops, classes, and one-to-one mentoring. Campus activities, associated students, clubs, peer mentors, launching leadership workshop series are all fundamental components of teaching students leadership skills.

PURPOSE

As one of our students said, “Everyone wants and needs to know their purpose.” Student Services is composed of professional educators who provide learning opportunities for students to self discover purpose. We provide leadership opportunities, academic advising, and personal and emotional support as students transform themselves through their self learning and academic efforts. Purpose is powerful.

Ohlone Student Services’ vision for the next five years is an achievable possibility centered around the five concepts of a curriculum of Responsibility, Respect, Integrity, Leadership, and Purpose. The possibilities of Student Services are the possibilities for students. And the possibilities for students are the possibilities for Ohlone College.

BASIC SKILLS PROGRAM

The Basic Skills Program at Ohlone College was created to coordinate efforts towards meeting the needs of students who place into Basic Skills courses. Basic Skills courses prepare students for college level work with emphasis in reading, writing, mathematics, and English as a Second Language. The basic premise is that all students are capable of pursing college-level education provided that they have the necessary foundation. A committee consisting of instructors, counselors, and administrators meet regularly to maximize student success. They review educational research to identify best practices and encourage all faculty members teaching basic skills courses to incorporate those practices into their course instruction. COUNSELING DEPARTMENT

Fremont campus, Building 7, third floor
(510) 659-6110

Newark campus, Room 1312
(510) 742-2340

http://www.ohlone.edu/org/counseling

Counselors meet with students individually, in small groups, workshops, and in classes to help students in achieving their academic goals and personal growth. Counselors are educated to directly assist students with a wide range of issues and are knowledgeable about other helpful resources at Ohlone and in the community. Counselors can provide career information and assessment, orientation, and other general counseling services. Counselors have current college transfer information and help students with transfer plans.

College counseling is intended to help students assess their current abilities and interests and to make realistic plans to achieve academic and vocational goals. Students can best reach their goals with a solid educational program of study that can be developed by working with an Ohlone College counselor. Counselors work with students on an on-going basis to develop a program of study that reflects the student’s interests, skills, and motivation.

Personal counseling services are offered in the Student Health Center. For an appointment for personal counseling, please call the Student Health Center at (510) 659-6258 or drop by Building 7, third floor on the Fremont campus.
New Students’ Responsibilities Regarding Counseling

After completing all enrollment steps, including placement testing and orientation, students should make an appointment with a counselor. Counselors are not assigned to students. Students should select their own counselor to work with on an on-going basis. Students who are using placement test results from another community college need to submit official documents showing their course placement as well as including contact information of a college official (counselor or placement test coordinator). Students should prepare for a counseling session by bringing unofficial copies of all previously attended colleges and/or universities and doing some initial exploratory research with regard to short and long-term goals. Students who want to transfer should identify several institutions they are considering.

Peer Mentoring for New Students

Peer Mentors are experienced Ohlone students who help recruit and retain students. New Ohlone students can elect to have a Peer Mentor assigned to them. The Peer Mentors will contact their Mentees on a regular basis to make sure they are having a successful college experience. They will also invite Mentees to a variety of social activities in an effort to connect new students with their peers. To request a Peer Mentor, email newstudent@ohlone.edu.

Peer Mentors also conduct campus tours, coordinate Welcome Day, receive leadership training, and assist with a variety of other campus events and services. To be considered for a Peer Mentor position, print an application from the Peer Mentor Web site at http://www.ohlone.edu/org/peermentors/.

Continuing Students’ Responsibilities Regarding Counseling

Continuing students should prepare an “Academic Portfolio” folder related to their educational goals and should keep in this folder any papers completed during their counseling appointments. Petitions, contracts, or letters that have been submitted or received should also be kept in this folder. Students should bring their “Academic Portfolio” folder to every counseling appointment. Students wishing to transfer should be aware of important deadlines, both at Ohlone and the transfer institution, and should solidify their campus choices and confirm these institutions’ requirements for transfer, major options, required lower division courses, and required Grade Point Average. Continuing students should also take advantage of Ohlone’s Transfer Center and campus events and workshops.

Ohlone College also has counselors to work with Deaf, learning disabled, and disabled students. In addition, bilingual counselors may be available to work with non-native English speakers (or ESL) students.

All interested students may stop by the Counseling Department in Building 7, third floor on the Fremont campus or may call (510) 659-6110 to make an appointment or obtain more information. Students may also go online to http://www.ohlone.edu/org/counseling/aboutcounseling/onlineappt.html to make a counseling appointment. Appointments are 30 minutes in length and students are asked to have realistic expectations of what can be accomplished in this time. Students can learn more about specific counselors by visiting the Counseling Department Web page at http://www.ohlone.edu/org/counseling/ or by speaking to the Counseling staff.

FINANCIAL AID

Fremont campus, Building 7, second floor
(510) 659-6150

Newark campus, Room 1312
(510) 742-2340

http://www.ohlone.edu/org/finaid

The Financial Aid Office assists students in meeting educational costs while attending Ohlone. Financial aid at Ohlone is administered in accordance with nationally established policies and philosophy. Students are encouraged to apply early, as some financial aid funds are limited. Students apply for financial aid by using the Free Application for Federal Student Aid (FAFSA). The priority deadline is March 2. In addition, Ohlone College is required by state and federal regulations to ensure that funds are awarded to students who demonstrate the greatest financial need. Students should complete the FAFSA online at http://www.fafsa.ed.gov.

Ohlone participates in Title IV federal and California student financial aid programs. There are basically two types of financial aid: grant and self-help (such as work study and loans). Grants are awarded based on financial need and do not require repayment. Work Study students earn financial aid by working a part-time job. Loans are aid that must be repaid at a low-interest rate. In addition, private and institutional scholarships are available. Ohlone also has an Emergency Short-Term Loan program.

Students who have graduated from high school (or received a GED or passed the Ability to Benefit exam), have a declared academic program, and are enrolled in classes may qualify for some type of financial aid. Most programs require a student to be enrolled in a minimum of six units. Financial aid students are expected to maintain satisfactory academic progress toward their educational goal. To do so, students must complete a minimum of 67% of their attempted units and earn a cumulative grade point average of 2.0 or higher. For assistance or information, students should visit the Financial Aid Office on the Fremont campus or send an e-mail to financial_aid@ohlone.edu. Please see the Types of Financial Aid chart on page 31 for the financial aid available at Ohlone.

TRANSFER CENTER

(510) 659-6241
http://www.ohlone.edu/org/transfer
The Transfer Center provides resources to students wishing to explore college and university transfer information. College and university recruiters come to meet with prospective students. Students can make an appointment to meet individually with a recruiter through the Transfer Center.
Ohlone’s Transfer Center also includes a resource library with current catalogs from California State University (CSU) campuses, University of California (UC) campuses, and other colleges and universities. Workshops are available on topics such as “The Road to Success: How to Choose Your Major,” “How to Write Your UC Personal Statement,” and “The Transfer Transition.”

(continued on next page)
While at Ohlone College, students may complete their lower division (freshman and sophomore) general education requirements and major field courses prior to transfer. Many courses offered at Ohlone have been articulated with the University of California, California State University, and private institutions. Students are encouraged to meet with a counselor in order to develop a specific transfer plan.

Ohlone College has also established various programs with specific universities such as Transfer Admission Guarantee (see page 52); Concurrent Enrollment with University of California, Berkeley (see page 52); and Cross Registration with California State University, East Bay (see page 52). Please visit http://www.ohlone.edu/org/transfer for more information on these and other programs.

Transfer Planning

Students should see a counselor to develop a transfer education plan and determine which general education courses are appropriate for their specific goals. It is important to note that some sequenced courses (e.g. ENGL-101A and ENGL-101B, and MATH-101A and MATH-101B) may not be accepted in transfer if they have been taken out of sequence.

Before transferring to either a California State University (CSU) or University of California (UC) campus, students will need to apply for an official General Education Certification which reflects completion of General Education requirements. This request should be made at the Office of Admissions and Records on the Fremont campus during the last term prior to enrollment at the university. In addition, students need to request that an official, final transcript is sent to the transfer institution.
