APPLICATION FOR ADMISSION

Students may apply online via WebAdvisor at https://webadvisor.ohlone.edu. Applying online via WebAdvisor is the fastest way to apply. Application forms are also available online via the Ohlone College Web page at http://www.ohlone.edu/org/admissions/forms/appforadmission.pdf, inside each term’s Class Schedule, from the Office of Admissions and Records on the Fremont campus, and from the Student Services Center on the Newark campus.

To be able to register for classes all new and former students in the following categories must submit an application for admission:

- New students entering Ohlone College for the first time;
- Former students (students who did not attend Ohlone College during the previous Fall or Spring Semester);
- All new or returning international students;
- K-12 students seeking special admission.

Students who attended Ohlone College during the previous Fall or Spring Semester do not need to submit a new application. Per California Education Code, K-12 students are required to submit a new application every term.

Transcripts for Admission

The following students are expected to submit official transcripts from all previously attended institutions:

- Applicants to the Registered Nursing, Physical Therapist Assistant, or Respiratory Therapy Programs;
- Veterans;

Programs Requiring Special Admission

In addition to the basic requirements for admission to Ohlone College, there are specific requirements for admission to the Registered Nursing, Respiratory Therapist, and Physical Therapist Assistant Programs. Admission criteria may change periodically and placement is limited by space. Refer to the Health Sciences and Environmental Studies Division Web site at http://www.ohlone.edu/instr/healthsciences/ for admission criteria and program options. Prospective students should check the Web site for potential changes in the Registered Nursing, Respiratory Therapy, and Physical Therapist Assistant program admission process.

Ohlone College/Diablo Valley College
Cooperative Program in Respiratory Therapy

The Respiratory Therapist curriculum is offered by Ohlone College in cooperation with Diablo Valley College. Additional information regarding this cooperative program may be obtained by going to the Health Sciences and Environmental Studies Web site at http://www.ohlone.edu/instr/healthsciences/ or the Career Development Office on the Diablo Valley College campus.

Residency Information

By state law Ohlone College is required to obtain evidence from students of physical presence in California and of their intent to make California their home state for other than a temporary period. A California resident, for purposes of community college admission, is a person who has maintained physical presence in California for at least one year and one day immediately prior to the first day of instruction with the demonstrable intent of making California his or her permanent home. Non-resident students who have attended three years of high school in California may be eligible for exemption from non-resident tuition per AB 540. Due to the complexity of residency requirements, students are encouraged to contact the Office of Admissions and Records at (510) 659-6100 with specific questions. Residency regulations may be found in sections 54000-54060 of Title 5 of the California Education Code. Information regarding residency regulations and detailing what documentation is needed is available on the Admissions and Records Web site at http://www.ohlone.edu/org/admissions/residency.html.
International Student Admission

"International student" is defined here as a student who has or wishes to obtain an F-1 Student Visa to study in the United States.

Ohlone College admits and serves a diverse community of international students. Ohlone’s International Programs and Services Office issues the Immigration Form I-20 to admitted international students. Students then use the Form I-20 to apply for an F-1 Student Visa at a U.S. Embassy or Consulate in their home country. Students currently studying on an F-1 Visa at another school in the United States may apply to transfer to Ohlone College. International student application deadlines are May 31 for the Fall Semester and October 31 for the Spring Semester.

To be considered for admission, international students must submit a completed International Student Application form, and other required application documents, to the International Programs and Services Office. Please contact the International Programs and Services Office at (510) 659-6439 for an International Student Application or download the application at http://www.ohlone.edu/org/international/docs/internationalapplicationpacket.pdf.

Application requirements:

* A completed International Student Application form.
* A non-refundable $50 Application Fee.
* Proof of graduation from high school, or the equivalent.
* Official bank documentation, in English, demonstrating the student’s or student’s financial guarantor’s ability to cover the student’s educational and living expenses for one year.
* A completed Financial Affidavit (part of the application form).
* The required minimum score on the Test of English as a Foreign Language (TOEFL). A score of 57 or higher on the Internet-based Test (iBT) or 490 on the Paper-based Test (PBT) is required. International English Language Testing System (IELTS) scores of 5.5 or higher can be accepted in lieu of the TOEFL.*
* Copies of the student’s Passport, Student Visa, current Form I-20, and I-94 (applicable to students who already have an F-1 Visa, are currently in the U.S, and who are applying to transfer to Ohlone College, only).

*More information on alternative forms of English proficiency accepted may be found online at http://www.ohlone.edu/org/international/englishrequirements.html. Students may also wish to consider joining the Ohlone College English Language Institute (ELI). The ELI is a full-time, intensive English language program designed for non-native speakers of English who have or wish to obtain an F-1 Student Visa. Students who apply to the ELI and who wish to later join a degree program may be conditionally admitted by Ohlone College. For more information visit http://www.ohlone.edu/org/international/eli.html and/or contact the Ohlone College International Programs and Services Office at (510) 659-6439.

Special Student Admission – Kindergarten-12th Grade Students

The term “special admission” applies to students who are currently enrolled in Kindergarten-12th grade. These students may enroll in Ohlone College courses that are UC/CSU transferable on a space available basis. PE and ATFL classes are not available for any K-12 student enrollment. K-12 students must also meet any and all course prerequisites to be eligible for enrollment; for courses in English and Math this usually requires that the student take an Ohlone Placement Test. Per Title 5 of the California Education Code, K-12 coursework may not be used to waive college prerequisites. Parental and principal or school official approval is also required. K-12 students are exempt from paying the California Community College Enrollment Fee but are subject to the Electronic Access Fee, Health Services Fee, and the optional Student Activities Fee, unless all classes are off campus.

All K-12 students are required to submit a new application packet every term. Forms, directions, and timelines are available on the Ohlone Web site at http://www.ohlone.edu/org/admissions/k12admission.html.

K-9th Grade Students

Kindergarten-9th grade students may register only in a limited number of course offerings. The list of approved courses is available at http://www.ohlone.edu/org/admissions/k12admission.html and in the Kindergarten-9th grade application packet. Students will be required to submit their completed application packet by a deadline several weeks before the start of the term. No applications for Kindergarten-9th students will be accepted after the deadline posted for each term. This deadline is available on the Academic Calendar on the Admissions and Records Web page (http://www.ohlone.edu/org/admissions/academiccalendar.html) and online at http://www.ohlone.edu/org/admissions/k12admission.html. Early application is encouraged. The first day that admitted Kindergarten-9th students will be able to register for classes is the first day of the term.

10th-12th Grade Students

Students in 10th-12th grade are only allowed to register for CSU and UC transferable classes. These courses are identified in the class listings in WebAdvisor (https://webadvisor.ohlone.edu) and in the printed Class Schedule. 10th-12th grade students will be able to register for classes approximately two weeks before the start of the term.

PLACEMENT TESTING

Placement Testing Center  
Building 7, second floor, Room 7205 on the Fremont campus  
(510) 659-6126  
http://www.ohlone.edu/org/placement/

Placement Tests  
The Ohlone College placement tests measure language, reading, and math skills. All tests are computerized and not timed. The placement tests are not pass or fail tests and are not used to exclude students from admission to Ohlone. The placement tests attempt to properly place students in reading, writing, and mathematics courses. The tests also identify prerequisite preparation (courses required before taking another course). Ultimate placement is often based on multiple criteria measures. Counselors can also review other factors such as previous coursework and any other appropriate information in order to place students into courses.

Steps for Taking the Placement Tests  
Step 1: Submit an application to Ohlone College and obtain an Ohlone College student ID number.  
- Students need to submit an application and receive an Ohlone College student ID number before taking placement tests. Students can apply online via WebAdvisor at https://webadvisor.ohlone.edu. A paper application is also available online at http://www.ohlone.edu/org/admissions/forms/applforadmission.pdf, inside each term’s Class Schedule, from the Office of Admissions and Records on the Fremont campus, or from the Student Services Center on the Newark campus.

Step 2: Review important information.  
- A current, valid photo ID (driver’s license, school ID, or passport) is required for placement testing.

Step 3: Plan to arrive early to the Placement Testing Center.  
- The Placement Testing Center (Building 7, Room 7205 on the Fremont campus) can accommodate 29 students at one time.
- Space is limited; therefore, students must make reservations for all placement tests by using the online reservation system at http://www.ohlone.edu/org/placement/reservation.html. Reservations can also be changed and cancelled online. Students must know their Ohlone College student ID number and have a valid e-mail address in order to make a reservation.
- Students must arrive at the Placement Testing Center (Building 7, Room 7205 on the Fremont campus) to start the test(s) during the open hours. The Placement Testing Center’s hours are posted online at http://www.ohlone.edu/org/placement/.

Step 4: Decide if it is necessary to take placement tests.  
Students are expected to take placement tests if they plan any of the following at Ohlone College:  
- To obtain a certificate or an associate degree.
- To take an English or math course (English 172-176 excepted).
- To take courses which have English or math prerequisites.
- To apply to the Registered Nursing, Physical Therapist Assistant, or Respiratory Therapy programs at Ohlone College.

Students are not expected to take the placement tests if they meet any of the following conditions:  
- Have earned an associate degree or higher degree from an accredited institution in the United States.
- Will enroll in courses for which there are no English or math prerequisites.
- Have satisfactorily completed appropriate courses from another accredited college or university in the United States. Students are required to present official transcripts to demonstrate course completion.

Students who are exempt from placement testing must see an Ohlone counselor in order to complete a matriculation waiver form.

Step 5: Determine when tests need to be taken  
- Students should plan to take placement tests at the earliest possible date. Test sessions closer to the beginning of each term are usually more crowded. Availability is limited to the Placement Testing Center’s open hours and 29 computer stations. Please refer to the Placement Testing Center’s schedule online at http://www.ohlone.edu/org/placement/.

Step 6: Review study guides and sample questions  
- Sample questions for English, math, and ESL placement tests are available online at http://www.ohlone.edu/org/placement/studyguides.html.

Special assistance is available to students who have a disability or require special accommodations. Please contact the Placement Testing Center at (510) 659-6126 to inquire.
English as a Second Language (ESL) Placement Testing

Before taking the ESL placement test students must submit an Ohlone College application and receive an Ohlone College student ID number. ESL placement testing includes Orientation and academic advising. Students are expected to stay for the entire placement process, which is approximately 4½ hours. The ESL placement test includes writing an essay on an assigned topic, a listening comprehension test, and reading and grammar tests. Math tests are not offered during ESL testing; students who need to take a Math placement test should refer to the Math Placement Test information. No study guides, calculators, dictionaries, or other study aids are allowed during the test.

Students taking the ESL test need to bring the following items to the test:
- A current, valid photo ID (passport, driver’s license, etc).
- An Ohlone College student ID number.

Important testing information:
- Testing is offered free of charge.
- Students should plan to take the tests as early in the semester as possible because seating is limited.
- Students must arrive 15 minutes early for the test.
- Late students are not admitted.

Retest Policy

Students may retake the English and/or Math Placement Tests one time within a one-year period. Students must wait a minimum of three weeks from their initial test date and then they may attend any regularly scheduled test session. Students may take the English as a Second Language (ESL) and Chemistry tests once per Fall or Spring Semester.

Students with special circumstances may submit a petition to the Dean, Counseling to request a retest earlier than the above guidelines.

NEW STUDENT ORIENTATION

Building 7, third floor on the Fremont campus
(510) 659-6036
orientation@ohlone.edu
http://www.ohlone.edu/org/orientation

Attending a New Student Orientation is a great way to learn more about the programs and services offered at Ohlone College which will support a student’s educational and personal objectives. Students who are new to college have many questions regarding class selection, how to register for classes, what the workload will be like, and how to get involved in college life. Information provided during Orientation will answer these questions and help new students make a smooth transition to college. Orientation also helps students become familiar with the college, learn where different college services are offered, meet other new students, get direct help from counselors, learn about baccalaureate colleges and universities, and take the mystery out of getting a college education.

Topics addressed at Orientation include the following:
- Information about Ohlone College, services available to students, and academic departments;
- Determining English and math placements;
- Requirements for an associate degree, certificates, and transfer to baccalaureate colleges and universities;
- One-on-one advising with an Ohlone College counselor to develop an educational plan based on student objectives and placement test results;
- Creating individual class schedules;
- Support services available.

New students are required to participate in an orientation session before registering for classes. A complete list of orientation exemption criteria is available online at http://www.ohlone.edu/org/orientation and in the current Class Schedule.

Students have these Orientation options:
- Attend an In-Person College Orientation;
- Attend an ESL (English as a Second Language) Placement Test and Orientation session.

Students will receive additional information about Orientations, as well as a list of Orientation dates, when they take the Placement Tests. This Information is also available on the Orientation Web site at http://www.ohlone.edu/org/orientation.

New F-1 Visa-holding students of Ohlone College should plan on attending the International Student Orientation, held one time prior to the start of the Spring and Fall Semesters. Please contact the International Programs and Services Office at (510) 659-6439 for more information.
REGISTRATION INFORMATION

Class Schedule
The Ohlone College Class Schedule is produced twice a year (Summer/Fall and Spring). The Class Schedule is made available online via WebAdvisor (https://webadvisor.ohlone.edu) and printed copies are currently available in the Counseling Department on the Fremont and Newark campuses. Application and registration procedures, academic calendar dates, and general information are also available on the Admissions and Records Web site (http://www.ohlone.edu/org/admissions).

Schedule for Registration
Continuing students are assigned the earliest registration times and receive a registration appointment based on having a declared academic program (major) and by the number of Ohlone units earned toward that program. Registration appointments are e-mailed to students prior to the start of registration.

New and former students receive the next opportunity to register but do not receive specific appointments. New and former students cannot register for classes until they have completed the admission process.

10th-12th grade students will be able to register for classes approximately two weeks before the start of the term. 10th-12th grade students cannot register for classes until they have completed the admission process.

Kindergarten-9th grade students receive the last opportunity to register, starting the first day of the term. Kindergarten-9th grade students cannot register for classes until they have completed the admission process.

Registration Procedures
Students should acquaint themselves with Ohlone College registration policies by studying the information in this Catalog, the Class Schedule, and registration materials supplied by the Office of Admissions and Records. Registration dates are published in the Academic Calendar in the Class Schedule and online at http://www.ohlone.edu/org/admissions/academiccalendar.html, and on the Admissions and Records Web page (www.ohlone.edu/org/admissions). Students register for classes online via WebAdvisor (https://webadvisor.ohlone.edu).

Registration by proxy is permissible with written permission from the student.

Enrollment will not be allowed in a non-repeatable course that was previously completed with a grade of C or better. Enrollments will also not be allowed in a course that has already been repeated the maximum times allowed, per Title 5 of the California Education Code. All repeat policies are enforced through WebAdvisor and students will be blocked from registering for courses when the maximum number of enrollments has already been attained. A course with a letter grade, including a W, counts as an enrollment.

Per California Education Code 58161, effective Summer 2012 a course with a letter grade, including a W, counts as an enrollment. If a student receives a substandard grade (D, F, NP) at Ohlone the student will be allowed to enroll in that same course again in order to successfully complete the course. A student will be allowed three attempts, including W’s, to complete the course. The third enrollment in the course at Ohlone will become the final enrollment at Ohlone, regardless of the grade earned by the student. Once the course is completed with a satisfactory grade (A, B, C, or P) the course cannot be taken again at Ohlone. For example: During Fall 2011 a student received a W in ENGL-101A. During Spring 2012 the same student received an F in ENGL-101A. The next time that the student takes ENGL-101A, regardless of the grade (A, B, C, D, F, P, NP, or W), is the last time ENGL-101A can be taken at Ohlone College.

Ohlone ranks in the top 10% of all California community colleges for rates of transfer and degree completion!

Registering for Courses with Prerequisites
Many courses have prerequisites that must be successfully completed prior to enrollment. Students registering for courses that require prerequisites will be allowed to register for the course during the term they are enrolled in the prerequisite course, even though final grades have not yet been posted. However, once final grades are posted, students must have completed the prerequisite course with a grade of C or better, or they will be dropped from the course.

Students will not be able to register for classes for which Ohlone does not have record that they have successfully completed the course prerequisites. Per Title 5 of the California Education Code, Kindergarten-12th grade classes cannot be used to meet college prerequisites.

Prerequisites Taken at Another College or University
Students who have completed the course prerequisite at another college or university must speak to a counselor (Building 7, third floor on the Fremont campus or at the Student Services Center in Room NC1312 on the Newark campus) about getting the prerequisite waived before the student will be able to register for the course. The counselor will need to review the student’s transcript. If the counselor determines that the student has successfully met the course prerequisites then the counselor will approve a waiver and the student will be able to register online via WebAdvisor. Additional information about clearing prerequisites is available online at http://www.ohlone.edu/organization/counseling/clearprereqs.html.

Waitlisting
Waitlisting is a way to electronically stand in line for a filled class. During the registration period students may place themselves on waitlists for specific classes that are filled. When a class is filled, students will be asked on WebAdvisor if they want to add to the waitlist. If space becomes available in the class, students on the waitlist will be added to the class and notified by e-mail if they are added into the class from the waitlist. Students are added to the class from the waitlist in the order they were added on the waitlist. Students may check their status on the waitlist via their WebAdvisor account. There is no guarantee that students on a waitlist will be added into the class.

Students who have errors preventing registration such as an outstanding balance, unmet prerequisites, conflicts with another class, or overload issues will not be added into a class from the waitlist even if space is available in the class. These students will remain on the waitlist—even if space becomes available in the class—until the error preventing registration is corrected.

Students are restricted from waitlisting for more than one section of a class (for example, waitlisting for both ENGL-101A-01 and ENGL-101A-02). While WebAdvisor will allow students to waitlist for a class in which they are already registered, students will not be added into the waitlisted class as long as they are already registered in a different section of the same class. The student will need to drop the registered class in order to be added into the waitlisted class.

Students need to attend the first class session of any class for which they are still on a waitlist, as waitlisted students who do not attend the first class session may not be added to the class from the waitlist by the instructor, even if space is available in the class. Students who decide not to take a class they have waitlisted need to drop themselves from the waitlist, as they will be subject to any fees and grades for classes in which they are registered from the waitlist. Students are added into classes from the waitlist through the date on the Academic Calendar in the Class Schedule and on the Admissions and Records Web page (http://www.ohlone.edu/org/admissions/academiccalendar.html). After that date, faculty have complete control over which students are added into classes.
Adding Classes (Registration After the Start of Class)

Up through the 10% point of the class students may add full-term classes, where space is available, using WebAdvisor. After that date students may only add full-term classes by submitting an Add/Drop Form with the instructor's signature to the Office of Admissions and Records on the Fremont campus or the Student Services Center on the Newark campus. Students should refer to the Academic Calendar in the Class Schedule and on the Admissions and Records Web page (http://www.ohlone.edu/org/admissions/academic_calendar.html) for more information regarding registration deadlines. All Add/Drop Forms must be submitted on or before the last day to add classes with the instructor's signature. Per Title 5 of the California Education Code students cannot add classes after the last day to drop with a W.

Dropping Classes or Withdrawing

Students can drop classes through the 75% point of the class via WebAdvisor or by bringing a completed Add/Drop Form to the Office of Admissions and Records on the Fremont campus or the Student Services Center on the Newark campus. An instructor's signature is not required to drop a class. Students will receive a W grade if they drop a class after the last day to drop without a W. However, W grades are not considered punitive and students are encouraged to drop classes in which they are not doing well and are concerned that they may receive a substandard grade. Classes cannot be dropped after the deadline to receive a W; students who are still enrolled after the last day to drop must receive a letter grade (A-F).

Students may be dropped from classes by the instructor if they do not attend the first or second class meeting or for excessive absences. However, students are ultimately responsible for withdrawing from a class that they no longer plan to attend. Failure to do so can result in a failing grade being issued by the instructor and charges being issued for the class.

WEBADVISOR (https://webadvisor.ohlone.edu)

WebAdvisor is Ohlone's online academic management system and is available for free to all current Ohlone students. WebAdvisor is the most convenient way to register for classes, add and drop classes, add to a waitlist, view class schedule, view placement test scores, view financial aid information, check a student balance, submit payments, print an unofficial transcript, and check grades. WebAdvisor also provides the first opportunity for students to register and offers the most current class information. Students can go online to https://webadvisor.ohlone.edu to set up a free WebAdvisor account after their application has been completed and they have received a student ID number from the Office of Admissions and Records. Please see page 24 for detailed instructions.

Registering for Classes

Students register for classes online via WebAdvisor (https://webadvisor.ohlone.edu). Students cannot register before their scheduled registration day and time. Students are also prevented from registering if they have an outstanding balance, incomplete application, or need to submit a new application. Students should meet with an Ohlone College counselor if they need help choosing their classes. Students may make an appointment with a counselor by going online to http://www.ohlone.edu/org/counseling/aboutcounseling/onlineappt.html, calling (510) 659-6110, or by making an appointment at the Counseling Window (Building 7, third floor on the Fremont campus).
