SUBJECT: Alameda County Workforce Investment Board Contract Amendment with Tri-Cities One Stop Career Center, Newark

---

On August 11, 2004, the Ohlone College Board of Trustees approved a contract between the Alameda County Workforce Investment Board and the District for the Bay Area Biotech Consortium Career Pathways Project. The County wishes to amend this contract by adding funding for an additional staff person, a BioTech Program Coordinator. Under the direction of the Tri-Cities One-Stop Career Center Director, the BioTech Program Coordinator is responsible for overseeing the project to include assessment and in-depth case management services to eligible clients, and responsibility for performance outcomes as determined by the Department of Labor. Targeted populations for this project will include dislocated workers from the airline, aerospace and IT industries, and economically disadvantaged individuals. An additional \$50,000.00 has been awarded to the District for this purpose.

RECOMMENDATION:

The President/Superintendent recommends that the Board of Trustees authorize the President/Superintendent to sign this contract amendment with the Alameda County Workforce Investment Board.
