In accordance with Education Code Section 72413(g), The District is required to submit to the County Superintendent of Schools and the State Chancellor’s Office a quarterly financial report and the status of the employment contracts report.

BACKGROUND
The District is projecting a reduction in enrollment (FTES) for this fiscal year. In anticipation of a possible reduction in base funding for the 2005-06 fiscal year, there is a desire to increase the Rainy Day Reserve to help minimize the potential impact of lower base apportionment funding.

The 2nd Quarter Financial Report for 2004-05 includes the following:

- Review revenue
- Include Board approved salary adjustments
- Set budget targets for possible expenditure reductions

Our decline in enrollment has resulted in a reduction in health fee revenue. Because the Health Services Fund (26) is funded entirely from these fees, there may be a negative impact on Fund 10. Fund 10 may have to support the anticipated shortfall.

Included in this packet of information is the:

- Second Quarter Fund 10 Report
- 311Q consolidation report
- 311Q
- Budget changes for the General Unrestricted and Restricted Funds
- Fund 42 Budget Changes
- Investment Report
