Subject: Resignation of Tenure Nursing Faculty post

Dear Dean Sharlene Limon,

I am writing this letter to inform you of my resignation as full-time tenured nursing faculty effective August 1, 2005. I feel privileged to have been a part of this wonderful institution as a full-time faculty member. I have decided on a new career path that will conflict with my current post at the college. Per my discussion with Dr. Carli, Director of Nursing, I will return Fall semester as adjunct faculty teaching the lecture component of the Mental Health/Gerontology Nursing N105 course.

I am grateful to remain a part of the nursing program in the position of adjunct faculty and am happy to remain in this capacity for as long as I can benefit the nursing program. My eventual goal is to develop an on-line course addressing pharmacology or pathophysiology for health care workers. There will be more communications on this topic in the near future.

Respectfully yours,

Joyce Tanaka

Cc: Gale Carli, Director of Nursing;
Lyle Engeldinger, Assistant Director of Human Resources
