

DETERMINATION

On the basis of this initial evaluation:

- I find that the proposed project could not have a significant effect on the environment. A **NEGATIVE DECLARATION** has been prepared.
- I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because the project proponent has adopted mitigation measures. A **MITIGATED NEGATIVE DECLARATION** will be prepared.
- I find that the proposed project may have a significant effect on the environment, and an **ENVIRONMENTAL IMPACT REPORT** is required.
- I find that the proposed project may have a “potentially significant impact” or “potentially significant unless mitigated” impact on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An **ENVIRONMENTAL IMPACT REPORT** is required, but it must analyze only the effects that remain to be addressed.
- I find that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier EIR or Negative Declaration pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier **EIR** or **NEGATIVE DECLARATION**, including revisions or mitigation measures that are imposed upon the proposed project, nothing further is required.

Reasons Supporting the Determination: The proposed project is not expected to have an unavoidable significant impact on the environment. Potentially significant impacts will be mitigated as described in the Initial Study to a level that is considered less than significant.

Declaration of Compliance with the California Environmental Quality Act: This document has been prepared in accordance with the California Environmental Quality Act (CEQA) and the Port of Oakland’s Guidelines for implementing CEQA.
