

**STATE FUNDED  
PROJECTS  
OHLONE FACILITIES**

# Below Grade Water Intrusion

- Funding – Ready Access – \$12,234,000
  - » Preliminary Design – \$701,000
  - » Working Drawings – \$589,000
  - » Construction – \$9,616,000
- Scope
  - » Investigate below grade water problem
  - » Develop and design plan to address below grade water
  - » Repair damage at surface level and below to buildings and hardscapes

# Below Grade Water Intrusion

- Two Project Approach
  - Water Diversion
    - » Design nearly complete
    - » Award contract by 6/30/09
    - » Construction schedule 7/1/09 - 6/30/11
  - Damage Repair
    - » Design nearly complete
    - » Award contract by 6/30/09
    - » Construction schedule 7/1/09 - 6/30/11

# FIRE SUPPRESSION

- Funding – Ready Access – \$5,741,000
  - » Preliminary Design – \$216,000
  - » Working Drawings – \$268,000
  - » Construction – \$4,577,000
- Scope
  - » Install fire protection water sprinkler system in buildings 1 – 6, & 8 – 9.
- Status
  - » Funding awarded October
  - » Design to begin

# Above Grade Water Intrusion

- Funding – Ready Access – \$30,628,000
  - » Preliminary Design – \$1,032,000
  - » Working Drawings – \$1,117,000
  - » Construction – \$25,304,000
- Scope
  - » Waterproof exterior stucco and extensive delaminating waterproof membrane. The delaminating stucco and membrane will be removed and re-coated.
- Status
  - » Awaiting state review for funding
