

Accreditation Report April 8, 2009

Upcoming team visit

Ohlone will host Dr. John Nixon, Superintendent/President, Mt. San Antonio College, and Katherine McLain, Dean, Planning & Research, Cosumnes River College, as our follow-up team on Wednesday, April 29th. In preparation for the visit, I spoke to Dr. Nixon about the report and visit logistics. He expressed that he found the report to be very thorough and well written, addressing the standards and recommendations effectively. He requested meetings with

- two trustees,
- the Accreditation Liaison Officer,
- the Dean of Institutional Research and Curriculum,
- the Dean of Human Resources & Training,
- the Vice President of Administrative Services,
- the College Council, and
- the President/Superintendent.

We can expect the Commission to take action on Ohlone's accreditation status in June. We should receive the results in early July.
