

Ohlone Community College District

Emergency Preparedness Program

Objectives

- Compliance with Disaster Resistant California Community Colleges Program Training Matrix
- Compliance with NIMS/SEMS requirements
 - Maintain eligibility to receive FEMA emergency funds
- Prepared for emergency responses to disasters, accidents, serious incidents, and to provide assistance to other schools or agencies

Preparedness Measures

- Training of college personnel including staff and faculty in NIMS/SIMS – Emergency Disaster Worker
- Hazardous Materials Spill Training for specific personnel who handle or could be exposed
- Blood Borne Pathogen Training
- Building Monitor duties and responsibilities training
- Emergency Preparedness Plan
 - Reviewed continuously and modified as appropriate
 - Distributed via e-mail to all employees
 - Available on Website
- First aid and CPR training

Emergency Preparedness Measures – cont.

- Previous Emergency Plan renamed and revised to:
- Ohlone Community College District Emergency Operations Preparedness and Response Plan

Revisions to Previous Plan

- Addition of Chapter 19 – Health Emergencies, Epidemics, and Pandemics
- Reviewing proposed Epidemic/Pandemic Operations plan from DRCCC
- Revision and up-date of Building Monitors List
 - Addition of Building 7 and relocation of personnel and resource
- Relocation of Emergency Operations Center to Student Services Building (Primary) and Hyman Hall (Secondary)

Web Page Link

- Previously, Web Page did not include information regarding what the procedures were for health emergencies or pandemic or epidemic situations
- Web Page has been revised to include
 - Health emergencies
 - Pandemics
 - Epidemics
 - Additional resources and information

Emergency Preparedness Measures – cont.

- Emergency Response training drills
 - Fire Drills at each campus twice each semester
 - Completed for Fall 2009 semester
 - Fire drills went exceptionally well
 - October/November and March/April
- Desk top training drill (Proposed)
 - April 2010

Emergency Preparedness Measures - cont

- New up dated building floor plan drawings (forthcoming)
 - Designates evacuation routes and assembly points
 - Each office and room will have an updated evacuation map posted
- Emergency Procedures and Action Plan Information bulletin notices posted in each room and office on campus

Hazardous Materials Incidents

- New building floor plan drawings will show locations of:
 - Stored chemicals and Hazardous Materials
 - Shut-off valves
 - Electrical panels and main switches
 - Will also assist Fire and other Emergency Responders during emergencies
 - Copies to be forwarded to Fremont and Newark Police and Fire Departments

Hazardous Materials Incidents – cont.

- New Hazardous Material Business Plan has been put into place
