

OHLONE COMMUNITY COLLEGE DISTRICT

MEMORANDUM

TO: Board of Trustees  
FROM: Gari Browning  
DATE: March 10, 2010  
SUBJECT: Educational Master Plan

---

A proposed update of the Educational Master Plan was reviewed at the Board workshop on February 24. Since that time, the proposed update has been reviewed and endorsed by both the Faculty Senate and College Council. The only substantive difference from the February 24 version is an addition to Section 21, Implications for the District Facilities Master Plan: Newark Campus. The additional language cites the potential need for another building at the Newark Campus for future expansion of environmental technology programs, as well as future need for additional parking. The endorsements by Faculty Senate and College Council included this additional language.

RECOMMENDATION:

The President/Superintendent recommends Board approval of the updated Educational Master Plan.
