SUBJECT: Measure G Project 6105A, Academic Core Buildings
Consolidated Engineering Laboratories (CEL) – Agreement (BP 6340)

The State of California Division of the State Architect requires a materials testing lab to oversee and monitor special testing and inspection services during construction of the Academic Core Buildings Project.

Consolidated Engineering Laboratories (CEL) was selected out of eight (8) firms as the best value consultant after completing qualifications based proposal reviews.

The contract amount is $648,706.

Funding will be provided from Fund 43 – Measure G funds.

RECOMMENDATION

The President/Superintendent recommends the Board of Trustees approves the agreement for Consolidated Engineering Laboratories (CEL) in the amount of $648,706.
