In August 2015, the Board of Trustees approved an Agreement with Construction Testing Services for Geotechnical Testing and Inspection Services for the Academic Core Buildings Project. The original contract equals $186,721.

Revision #1 is issued in the amount of $69,282 for Construction Testing Services to provide additional geotechnical testing and inspection services as well as engineering services required to complete the project.

This contract revision is necessitated by:

- CTS to take on the Geotechnical Engineering Role as per preference of Division of State Architect (DSA Form 109). Additional responsibilities include contract administration, requests for information response and submittal review throughout the course of the project.
- CTS to observe additional earthwork grading operations from the existing grades left by demolition contractor to the new bid document grading.

The revised contract amount is $256,003.

Budget for this agreement will be provided from Fund 43 – Measure G.

RECOMMENDATION

The President/Superintendent recommends the Board of Trustees approves Revision #1 in the amount of $69,282 to the agreement with Construction Testing Services.
