*Indicates minimum number of lower-division units required in each area. For Areas B, C, and D combined, the maximum number of units to be certified is 30. Units completed beyond that number may transfer as elective units.

Courses completed at Ohlone College toward the satisfaction of general education requirements will be certified upon student request. It is strongly recommended that students request this certification to avoid the possibility of additional course and/or unit requirements at the transfer institution. Such requests should be made at the time that final Ohlone transcripts are being requested for transmittal to a CSU campus. The same form (Transcript/General Education Request Form) can be used for both such requests and is available at the Office of Admissions and Records.

After completing and being certified for the 39 lower division units, the student's upper division general education will be basically determined by the difference between the lower division units completed in each area and the total units required by the bachelor degree-granting state university or college.

The CSU Campus may not accept the certification if fewer than 24 general education units are completed before transfer.

ADVANCED PLACEMENT: Completion of Advanced Placement Exams may satisfy some GE requirements. Students should refer to the Ohlone College Catalog for approved exams, acceptable scores, and equivalent courses.
