

INTERIOR DESIGN

When making your revisions during course review it is important to take a few extra minutes to review and reflect on your course and whether or not it still meets the current GE Plan A student learning outcomes for the area your course(s) are listed in. If you believe the course reflects the student learning outcomes, please re-affirm and give a rationale and several examples of how your course meets the student learning outcomes for your area of GE Plan A. Please do not cut copy and paste the student learning outcomes in as your rationale.

Below are the student learning outcomes for the courses in each of the areas your course(s) are listed on the current Ohlone College GE Plan A. If the course is in blue, you are not required to make the revision as this course is not primary in your department, you may work on it with some one from the primary area. If the course is in red you must review for both curriculum and GE.

Area III Fine Arts/Humanities

B. Humanities – Courses in the humanities are those which study the cultural activities and artistic expressions of human beings. To satisfy the general education requirement in the humanities, a course shall be designed to help the student develop an awareness of the ways in which people through the ages and in different cultures have responded to themselves and the world around them in artistic and cultural creation and help the student develop aesthetic understanding and an ability to make value judgments. Such courses could include introductory or integrative courses in the arts, foreign language, literature, philosophy, and religion. (Title 5)

Upon receipt of an associate degree from Ohlone College, a student will be able to:

1. Appraise the role of the arts, foreign language, literature, philosophy, and religion in cultural development.
2. Assess the relationships among the arts, the humanities, and the self.

PRIMARY	COURSE	COURSE TITLE	CROSS-REF	DEGREES/CERTS	GE PLAN A
