Thursday & Friday, October 29 & 30, 2009

Newark Center for Health Sciences and Technology

Please join Ohlone College and Governet for a two-day conference on CurricUNET issues, best practices, and new and innovative programs. Ohlone will be showcasing our new Program Review Module, which will begin full implementation this fall. We invite new, veteran, or potential users of CurricUNET to gather at Ohlone's new LEED Platinum Certified green campus in Newark for two days of presentations and workshops featuring what we as CurricUNET users have found useful or challenging about the CurricUNET program.

### CALL FOR PRESENTERS

We are just starting to put the agenda together for this conference and welcome proposals at this time. Please contact us if you are interested in sharing any innovative approaches or designs that you have found helpful. Topic to consider: What is your campus doing to link Distance Ed or General Ed approvals into the CurricUNET course approval process? Where do your course SLOs go in CurricUNET, and how are they revised? Already using CurricUNET for Program Review? If so, what does it look like at your college? And what other new bells and whistles have you added to your college's CurricUNET program?

**Registration Fee: \$35**

(includes cost of continental breakfast and lunch on Friday)

**Tentative Schedule:**
