Ohlone College Foundation presents: HOSTS—Helping One Student To Succeed Scholarship Program

Investing in education is an investment in everyone's future. As the state budget continues to falter, it is more and more difficult for students to bear the full cost of their education without some help.

Enter HOSTS—a scholarship program that allows donors to help a student afford college without demanding a large financial commitment from the donor.

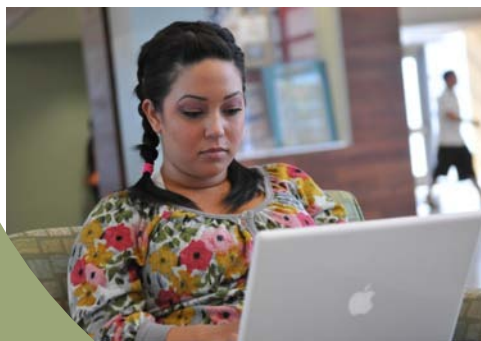

A HOSTS donor commits to one amount, \$500 to help one student through one semester. The scholarship bears the donor's name. And each donor has an opportunity to meet the student they sponsor. There is no obligation beyond the initial HOSTS scholarship donation.

There is no limit to the potential achievements of one student receiving an education. Invest in HOSTS, help one student to succeed...and make a difference.

Did You Know...

... a single contribution of \$500 to Ohlone College Foundation HOSTS scholarship program will provide one full time Ohlone College student with a full semester of tuition, with a little left over for books and supplies. By signing up for HOSTS your donation can reap great rewards.

and, Did You Know...

...Most community college students work at least part time in addition to attending college. This reduces graduation rates as students take more time to get through school. Supplementing their costs for school with a \$500 donation allows them time to focus on their studies and reduces their stress!

What Does...

... HOSTS do for the student?

Full time students receive a \$500 scholarship to cover one semester's worth of tuition and related costs.

What Does...

... HOSTS do for the donor?

The donor gets a chance to make a difference in a student's life; a chance to help them succeed. And as the donor **your** name goes on the scholarship .

How Does...

...The HOSTS program work?

Send a \$500 check to the Ohlone College Foundation, which is provided to the student for the upcoming semester. The following year, we hope you'll want to do it again!
