

**Ohlone College**  
**General Education Subcommittee Meeting Agenda**  
**Monday February 11, 2008**  
**3:30 p.m. to 5:00 p.m.**  
**Room 8112**

- I. Meeting Call to Order
- II. Approval November 26, 2007 minutes
- III. Update from Michael Bowman
- IV. Update from Chris Warden
- V. Discussion for recommendation to curriculum committee:  
  
Do the GE SLOs belong on the course outline of record (COR)?  
Thoughts:
  1. How can the GE SLOs best be incorporated into course SLOs to meet both GE and course requirements with the goal of promoting student success?
  2. If it is not seen in the SLO's, there needs to be originator justification (which would be happening anyway as a process) and must be seen in the content of the class.
  3. Beyond the course originator, how does the instructor (teaching the course) become familiar with GE SLO's if they are not in COR?
- VI. Discussion of what 'assessment' means to us: in search of meaningful assessment.  
  
Goal: add an assessment component to our discipline (this semester), in order to help model this State requirement with our colleagues in GE.
- VII. Discussion:  
Recruit new members for GE and who wants to be new chair after this semester?
- VIII. Parking Lot Issues: Other ideas?
  - Review Matrix Survey results in order to determine if SLO's or course placement can be improved
  - Study State Senate (or other) papers on GE issues in order to stay more informed of our role
  - Update the GE Philosophy Document, to include additions since 2005
- IX. Adjournment
