Don’t bear down

Continued from Page 6

brings new experiences and opportunities for you to tackle.

Succeed or fail, there is no try. Once you make it to your destination, you will realize that it was those tests that life throws in your path that allow you to live the life you live today. Without those dreaded tests you’d still be working at some unnamed fast-food chain, and driving some bucket that’s way past its date of expiration.

Life is what you make it. If you decide to see stress in every situation, stress will always be in your path. Take these times to see these stressors as obstacles in the way of greater success. Overcome them and see endless possibilities for new amazing opportunities and challenges. So the next time you’re worried about failing another test, take a deep breath and remember that there is always next semester. In the words of Bobby McFerrin, “Don’t worry, be happy.”
