Guy's Player of the Week

I have chosen baseball's Brock Pradere for this week's Player of the Week.

The speedy center fielder had a productive week despite the offense's struggles against Gavilan's pitching on Saturday.

He drew three walks and scored Ohlone's only run in the 2-1 loss against Gavilan.

On Tuesday, he had two hits — including a double — one run and a steal in the 8-4 win against West Valley.

He has 21 steals this season, which is second in the entire CCCAA.

Ohlone falls 11-1

When asked if there were any positives that came from the loss, Fan pointed out the early lead and Rygg's effectiveness during the game: "She has been a spark-plug for the offense all season and she played well again today."

Rygg and Saavendra's hits in the first inning were the only hits that CSM's ace Lauren Berriatuata allowed in the game. She had seven strikeouts and pitched a complete game. Her .30 ERA is the lowest in the state.

The Lady Renegades were coached without Head Coach Donna Ruyon who has been away from the team the past week because of a family emergency according to Fan.

Fan said that she should be back soon.

Despite the loss, Ohlone seems to be locked in second place with their 9-4 division record. The third-place Foothill squad (6-6 division record) would need Ohlone to lose the rest of the season and win the rest of the season to move up.

The Lady Renegades play today, 3 p.m., against Foothill at the Softball Field.

hit. In 15 relief appearances this season, he has pitched 35 innings, compiling a 4-1 record and two saves. He also has an impressive 1.54 ERA.

With seven games remaining — all division games — this season, the Renegades are in good shape — first place in the Coast Pacific division.

"We don't even really look at the standings," Curran said. "We don't pay attention to that stuff. It isn't important to us. We'll see where everything will work out at the end of the season."

He added: "We don't really look ahead. We just go one day at a time. Quite honestly, I couldn't tell you who we're playing after our game tomorrow (Thursday)."

Ohlone plays at Gavilan today. The last time they played was Saturday. It was a 15-inning marathon that Ohlone lost 2-1.

Every game remaining is an important division game and today's game against Gavilan is even more so, because a win can put the Gilroy team in a second-place tie with Skyline, one game behind Ohlone.

"The guys know what they need to do," Curran said. "They need to show up every day and they need to come and work and be ready to compete every single day."
