Renegades hold on for sweep of Chabot

The Lady Renegades volleyball team defeated the Chabot Gladiators in three straight sets on Tuesday night. But it wasn’t easy.

After losing the first set 25-18, Chabot refused to go quietly into the night.

Ohlone had a slow start to the second set and were down 7-1 at one point. But they were able to come back and even up the score. From there, the set went back and forth until the end, with the Renegades holding on for an intense 26-24 win.

Facing a sweep, Chabot refused to give up. In the third set, the Gladiators gave the Renegades all they could handle, with the set again going down to the wire. Ohlone was able to hold on for a 25-22 set win and its fifth conference win on the season.

Chabot ultimately was silenced by strong performances by sophomores Jenni Brochu and Camaryn Bricker. Brochu led the team to victory with 16 kills and 16 digs, while Bricker finished the night with 42 assists and 14 digs.

As a performer in Zola story

stripped and was pimped by her own accord, she was kidnapped and beaten senseless for working in someone else’s territory.

The violence that was displayed in the story was skillfully covered by the humor of the piece as a whole. In fact, at some points in the story, Zola seems to enjoy the pain that the other girl endures. Jess also was humiliated on social media because of a spiteful act by her boyfriend, in which she posted the link to her advertisement for sex, exposing to all her friends and family her lifestyle (which is unfortunately taboo in society). This is an act similar to that of revenge porn, in which someone posts a risqué photo or video of another person in order to get back at them. Revenge porn is extremely violent and can harm a person’s life significantly.

So, while the piece has an empowering tone that is fantastic for women who want to embrace their sexuality, it is also a very violent act—disguised by humor and plot twists—against the other woman, Jess. I encourage everyone to read The Zola Story online and tell me what you think about it.
