

YOUR CCC TECHNOLOGY RESOURCE CONNECTION

Our CETC Ambassador will be the influential and knowledgeable advocate and primary on-campus resource who will consistently promote systemwide CETC services at our California Community College campuses.

CCC TECHNOLOGY CENTER

California Community Colleges Technology Center

TARGET AUDIENCE:

- Faculty
- Staff
- Administrators

**Listserv and Web site hosting is available to California Community College (CCC) systemwide or regional organizations only.*

**Grants research and support is provided to those pursuing CCC technology-related grants.*

HISTORY:

The California Community Colleges Technology Center is housed at Butte College and funded by a grant from the CCC Chancellor's Office. The grant began in 1996 as the 4CNet Backbone Upgrade Project with a primary focus on supporting the statewide digital network, 4CNet, now known as CENIC. In 2002, the grant was renewed with added responsibilities and renamed the CCC Technology Center.

DESCRIPTION:

The California Community Colleges Technology Center helps to facilitate and coordinate the work of the CCC systemwide technology projects. It also supports the statewide digital network, CENIC, which serves all 109 CCC campuses.

SERVICES/PRODUCTS:

- Technology grants research and support
- Listserv hosting
- Web site hosting
- Systemwide technology newsletter - TechEDge

TECHNOLOGY GRANTS RESEARCH AND SUPPORT DESCRIPTION:

Grants research and consulting provided to complement the efforts of anyone pursuing technology and technology-related grants for the CCC. Our experts can help you target, develop, and deliver a well-developed technology proposal; including support for development of budgets and work plans, and evaluation strategies.

TECHNOLOGY GRANTS SUPPORT BENEFITS:

Access to experienced experts with extensive knowledge of available grants and the grants process.

Listserv:

Automated e-mail discussion list. Users can join or remove themselves from mailing lists, and make use of other services, by sending e-mail messages. Lists can be scaled to accommodate large mailing lists. A member of the listserv must serve as the list manager and is supported by extensive L-Soft (listserv software) Help Web Interface and by Technology Center support staff. New lists are approved by the Chancellor's Office. Listserv service is limited to CCC systemwide and regional organizations only.

Listserv Benefits:

Listserv is a free, customizable, secure, and spam-free e-mail list or communication channel.

Web Site Hosting:

Secure server space is available to host Web sites of CCC systemwide and regional organizations. Provides technical support related to the server. All Web site content must be provided by program. Requests for Web hosting are approved by the Chancellor's Office.

WEB SITE HOSTING BENEFITS:

Free Web site hosting on a secure server with server technical support.

TECHEDGE - SYSTEMWIDE TECHNOLOGY NEWSLETTER:

Free subscription publication with timely and relevant news about telecommunications and technology in California's 109 community colleges. Published quarterly with additional special issues each year. Distributed to distance educators, information systems officers, business leaders, the California legislature, and other interested parties. Current subscription rate at 1500 statewide. Outreach, marketing and promotional opportunities are also offered via stories, calendar of events, and announcements. To subscribe or view past archived issues, please visit <http://ccctechedge.com>

TECHEDGE BENEFITS:

Free CCC technology newsletter that also serves as a promotional vehicle for any/all systemwide or regional technology projects or events.
