## **Uniform Campus Crime Report**

The Ohlone Community College District Campus Police Services Department (CPS) is required to provide the United States Department of Justice with an annual report containing the number and type of criminal offenses committed within the jurisdiction of the Ohlone College CPS as well as citations issued and arrests made. This information is forwarded to the Federal Bureau of Investigation for inclusion in the F.B.I. annual publication, Crime in the United States.

In 1990, the U.S. Congress enacted the “Crime Awareness and Campus Security Act of 1990,” which requires colleges and universities to disclose information about crime on and around their campuses. This law was renamed in 1992 to the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act”.

The federal Clery Act requires the college district to provide additional information to the U.S. Department of Education and to the neighboring communities. Crimes that must be reported include murder, manslaughter, sex offenses (forcible and non forcible), robbery, aggravated assault, burglary, motor vehicle theft, and arson. In addition, the college district must report arrests or disciplinary action referrals for liquor, drugs, and weapons offenses. Crimes classified as hate crimes must also be reported.

The Clery Act requires that any college official (Campus Safety Authority) having knowledge of any criminal acts occurring on any campus as defined in the Clery Act must report the information to Campus Police Services for inclusion in the annual safety report.

On March 07, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) which amended the Higher Education Act of 1965, the Clery Act. All higher education institutions are now required to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking. VAWA also requires higher education institutions to include policies, procedures, and programs pertaining to these incidents in the annual security report.

## **Students Right to Know**

The Ohlone Community College District Campus Police Services Annual Campus Security Report publication is the Department's "Student Right to Know" report. Campus Police Services updates and makes available a printed hard copy for distribution. Copies are available at the Campus Police Services offices or by calling CPS at (510) 659-6111. An online version is posted and available on the Campus Police Services website <http://www.ohlone.edu/org/security/>.

All students and employees are informed that a digital or hard copy of the Annual Campus Security Report publication is available to them. Information of the availability of this publication is also provided on the Ohlone website, Ohlone College catalog, and semester schedule of classes.

A Daily Crime and Activity log and Police Report Number log is maintained at the front desk at the Campus Police Services office on the Fremont campus and is available for view by the general public between 8:00 am and 5:00 pm, Monday through Friday.

Jeanne Clery Act information is available at:  
<http://www.ohlone.edu/org/security/righttoknow.html>

## **Timely Warning Policy:**

The Ohlone Community College District and Campus Police Services believe that a well informed community is an integral component in ensuring and maintaining safe and secure campuses and learning environment. Crime information is provided to the college community by the Annual Campus Security Report and the Ohlone Community College website.

On occasion, a timely warning notice describing recent crime trends or dangerous incidents are issued by Campus Police Services to the college community. It is our policy to make notifications via:

E-mail

Posting printed notices on building entrances and bulletin boards

Electronic sign boards at the entrances to the campuses

Posting notices on the Ohlone college website

Verbal announcements over loudspeakers

Ohlone College radio station, KHOL, and television station, ONTV

Warning Notice Bulletins will include information about the incident and crime prevention recommendations.

## Annual Disclosure of Crime Statistics

□

The “**Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act**” is a federal law that requires institutions of higher learning (colleges and universities) to disclose campus security information including crime statistics for the campus and surrounding areas. All institutions of post-secondary education, both public and private, that participate in federal student aid programs must publish and disseminate an annual campus security report in addition to providing timely warnings of any criminal activities. The Violence Against Women Reauthorization Act of 2013 (VAWA) amended the Higher Education Act of 1965 (Clery Act). All higher education institutions are now required to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking. VAWA also requires higher education institutions to include policies, procedures, and programs pertaining to these incidents in the annual security report.

To comply with the Clery Act, the Ohlone Community College Campus Police Services Department is responsible for gathering crime statistics and providing safety information to all students, staff, faculty, visitors, prospective students, and prospective employees. Campus Police Services collects crime statistics from both campuses and from the local law enforcement agencies located within the cities of Fremont and Newark.

### Crime Reporting Procedures

The Ohlone Community College District endorses a crime reporting policy that encourages students, faculty, staff, guests, visitors, and the general community to report all criminal activity, emergencies, or unsafe conditions to Campus Police Services in a timely manner. CPS officers will be dispatched to all calls for service including crimes or emergencies. Appropriate fire, medical, or emergency response personnel will also be notified and requested to respond as necessary and appropriate.

A crime may be reported to Campus Police Services by calling:  
(510) 659-6111 (Fremont campus)  
(510) 742-2311 (Newark campus)

### **Do You Wish to Report a Crime Anonymously?**

A confidential crime report may be submitted to CPS by one of these methods:  
Call the 24-hour Anonymous Hotline Recording at (510) 979-7997;  
Completion and submission via the [Online Confidential Crime Report form](#).

**Please note:** A confidential crime report is not the same as a Police Report that is filed and investigated by Campus Police Services. CPS officers will have little information to conduct an investigation therefore it is unlikely an arrest or prosecution will take place. The confidential report may serve as documentation that CPS was notified.

## **Campus Law Enforcement Authority**

The Ohlone Community College District Campus Police Services Department (CPS), is an accredited police department by the California Peace Officers Standards and Training. The department was established by the Board of Trustees Resolution 63-74-75. The College District is committed to full implementation of the Student Right to Know and Campus Safety Act of 1990, the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act of 1992, and the Violence Against Women Act. The CPS Office consists of a Chief of Police, police officers, patrol officers, and office administrative assistant/dispatchers.

The responsibilities of CPS include campus security, traffic, parking control, prevention and detection of crime, and enforcement of federal, state, and municipal laws. CPS has the primary responsibility for directing, planning, and controlling vehicle and pedestrian traffic on college grounds. CPS oversees the painting of roadways and curbs, placement of control signs, removal of hazardous obstructions, and other related tasks.

CPS personnel make inspections of facilities to insure physical security; design and present programs to reduce risk from criminal acts; review plans and new construction additions to facilities to insure against design defects that could contribute to criminal acts; make preventative patrols of grounds; make necessary arrests and detentions; and interact with all other law enforcement and investigative agencies.

Police Officers receive continuing professional training in first aid, CPR, AED, emergency response, disaster preparedness, defensive tactics, and other topics each year. All police officers have graduated from a regional police academy and have full police powers per 830.32(a) of the Penal Code and 72330 of the Education Code. Safety Officers are trained in Laws of Arrest and Search and Seizure per 832 of the Penal Code.

Patrol Officers are not sworn police officers but are provided special authority by the California Penal Code, California Vehicle Code and Education Code to enforce campus rules and regulations. Patrol Officers are the first line of support for the campus police officers. Many are trained in and have the responsibility for collecting field evidence, taking crime reports, and parking enforcement. Patrol Officers are also trained in first aid, CPR, AED, and emergency response procedures. In addition, Patrol Officers provide general community oriented services such as fingerprinting.

Administrative Assistants/Dispatchers provide information to the public, dispatch officers to calls for service or crimes in progress, answer CPS telephone calls, maintain accurate and detailed records, log calls for service, compile information and data for statistical and financial reports, and provide support services for field officers.

Campus Police Services has a Memorandum of Understanding with the Fremont Police Department and the Newark Police Department to provide assistance and support services. Copies of the memorandums are on file and available for review upon request.

### **Campus Facilities Security and Access**

All buildings will be secured by Campus Police Services by 11:00 PM on weekdays and by 6:00 PM on weekends. It is understood that there will be some need for after-hour and weekend access to buildings. After hours, a faculty or staff ID is required. Faculty, staff or students working late on weekends should notify Campus Police Services. The college campuses are closed on holidays. Access to college facilities is limited to staff, students and guests. Entry is monitored during school operating hours. The campus facilities are maintained by Facilities (510) 659-6105 and patrolled by Campus Police Services.

Campus Police Services officers regularly test the emergency phones and submit work orders for repairs, recommend maintenance of shrubbery for safety reasons and conduct periodic safety surveys. Officers report the need for replacement of lights and any other physical hazards noticed. Periodic crime prevention surveys are conducted when a crime trend occurs or upon physical changes of office space and equipment when requested.

Lighting conditions are constantly being evaluated. Improvements have included the placement of additional lights in buildings, parking lot areas, in areas with heavy landscaping and trees, and along pathways frequently traveled by students. Outdoor emergency phones are located on the Newark campus. All emergency telephones are connected directly to Campus Police Services. Both the Fremont and Newark campuses are equipped with video surveillance cameras to assist Campus Police Services in providing security and monitoring activity on each campus.

## **Sexual Assaults and Sexual Offender Registration Laws**

### **Sexual Assault Policy**

Ohlone College has a **ZERO tolerance** policy for sexual assault. The Ohlone Community College District recognizes that sexual assault is a serious issue and will not tolerate any sexual assault actions on campus. Campus Police Services will investigate all allegations of sexual assault and take appropriate police action. The Ohlone Community College District will also take appropriate disciplinary or legal action. In addition to criminal prosecution, school disciplinary sanctions range from reprimand to suspension to expulsion from the College. During a disciplinary hearing, the accuser and the accused are entitled to due process, including the right to have others present at the hearings and a right to the same information regarding the outcome of the disciplinary hearings.

### **If a Sexual Assault Occurs**

As soon as possible, the victim of a sexual assault should report the incident to Campus Police Services, Safety and Security, the local police department or any faculty or staff member. any damaged clothing or other items that are present after/during the assault. Victims are encouraged to call any law enforcement agency by dialing 911 after a sexual assault for a crime investigation, referral or transport for medical treatment, and referral to crisis counseling and legal advocacy.

Disciplinary actions may be imposed on individual students, student organizations and/or any College faculty or staff responsible for a sexual assault. College sanctions following campus disciplinary procedures depend on the outcome and may range from reprimand to expulsion. Students should check the Schedule of Classes each semester to determine when these classes are offered.

## **Preventing Sexual Assaults**

### **Knowing the facts about rape...**

Rape is a violent crime - a hostile attack - an attempt to hurt and humiliate. It is NOT the result of "uncontrolled passions." Rape can happen to anyone. Children, grandmothers, students, working women, wives, mothers, and even males are the victims of rape. Rape can occur anywhere and at anytime in public or in your own home, day or night. Rapists are not necessarily strangers. In fact, in over one third of reported cases, the rapist is an acquaintance, neighbor, friend, or relative of the victim.

### **Prevention Tips...**

First, know the facts about rape. Become aware of locations and situations where rape might occur, and avoid them. Consider your alternatives if confronted by a rapist. Practice possible responses so that you can recall them even under the stress of a real encounter.

### **Outdoors...**

- Be alert to your surroundings and the people around you - especially if you are alone or it is dark.
- When possible, travel with a friend.
- Stay in well-lit areas as much as possible.
- Walk confidently, directly, at a steady pace. A rapist looks for someone who appears vulnerable.
- Walk on the side of the street facing traffic.
- Walk close to the curb. Avoid doorways, bushes, and alleys where rapist can hide.
- If you think you are being followed, walk quickly to areas where there are lights and people.
- If a car appears to be following you, turn and walk in the opposite direction, or walk on the other side of the street.
- If in danger - scream and run, or yell fire, or break a window to attract attention.

### **At home...**

Many rapes occur in or near the victim's home. One of the best ways to prevent sexual assault is to practice good home security.

- Install effective locks on all doors and windows - and use them.
- Install a peephole viewer in your door. NEVER open your door without knowing who is on the other side. Require salespersons or repairmen to show identification.
- If strangers telephone or come to your door, don't admit that you are alone.
- If you live in an apartment, avoid being in the laundry room or garage by yourself, especially at night.
- If you come home and find a door or window open or signs of forced entry, don't go in. Go to the nearest phone and call the police.

### **Car safety...**

- Always lock car doors after entering or leaving your car.
- Park in well-lit areas.
- Have your car keys in your hand so that you don't have to linger before entering your car. Keys can also serve as a possible weapon against an attacker.
- Check the back seat before entering your car.
- If you think you are being followed, drive to a public place or a police station.
- If your car breaks down, open the hood and attach a white cloth to the car antenna. If someone stops to help, stay in your locked car and ask them to call the police or a garage.

### **If attacked...**

Remember your main concern must always be your safety. No one can tell you whether you should fight back, submit, or resist. IT DEPENDS ON YOU AND THE SITUATION. However, your best defense is to be prepared - know your options ahead of time. Your safety may depend upon your ability to stay cool and calm.

### **Weapons...**

*Carrying weapons for self-defense is controversial and sometimes illegal. Be safe - for more information, contact your local law enforcement agency.*

### **If you are a victim of a rape....**

Get help quickly. Call the police, sheriff, a rape crisis center, doctor, friend, or relative.

- Do NOT wash, douche, change clothes or clean up in any way until after talking to the police and going to the hospital. (You could destroy valuable evidence.)
- Remember you are the victim. You have nothing to feel guilty or ashamed about.

## **Emergency Response and Evacuation Policy**

The Ohlone Community College District Campus Police Services officers have been trained in Incident Command and response to critical incidents on campus. In the event of an immediate threat to the health or safety of the college community first responders to the scene can be the CPS, Fremont or Newark Police Department, Fremont or Newark Fire Department, and Ohlone College Emergency Response Team. These first responders work together to manage the incident and depending on the nature of the incident could call-in other city, county, state or federal agencies to assist.

Campus Police Services receives emergency and incident information from various sources such as: dispatchers, Alameda County Emergency Communications Center, Fremont Police Department, Newark Police Department, and other law enforcement agencies. If CPS confirms there is an emergency or incident that poses an immediate threat to the college community, Campus Police Services can act unilaterally or in collaboration with other agencies to notify the college community. The content of the emergency notification will be determined by the type and size of the incident. CPS or other first responders may send immediate notifications by email, text messaging, or loud speaker. Immediate notifications may be sent by one or all of these methods depending on the type of incident.

Evacuation drills are performed at both Ohlone Community College District Campuses at least twice a year. The evacuation drills are conducted by Campus Police Services, in conjunction with the Safety Committee and the Emergency Preparedness Coordinator. The purpose of evacuation drills is to conduct an assessment of the District's response to emergency protocols, which includes the ability to evacuate buildings safely in a timely manner, to ensure the safety of all employees, students and guests, and assess training and resource needs. There are EvacuTrac devices in each multistory building to assist in the evacuation of disabled students and staff.
