**Student Learning Outcomes and Assessment
Meeting Minutes
May 7, 2008
1:00-2:00 a.m.
Room 1307 (VCR)**

Present: Susan Myers, Chris Warden, Deb Parziale.

1. Announcements

We will not be having the workshop with John Nash this spring. We are hoping that this can happen next fall.

2. Approval of Minutes

The minutes from the April 23 meeting were approved.

3. Committee Membership/Meeting schedule for next year

The three present committee members will stay on the committee next year. The committee does need a new chair. The position would have 25% reassigned time. Chris will talk to some faculty about this. It would be a good idea to have faculty on the committee who have recently completed program review, such as in Nursing. The Curriculum Committee, Senate, GE Committee, faculty chairs are all potential areas to look for SLO-A membership.

4. Program Reviews for next year

The College Council has one-time funds for program improvement. To improve the allocation process for these funds, the Council suggested that the Program Review should include a page that lists program improvement funding needs. The committee discussed strengthening the current Program Review process to incorporate this suggestion. Deb and Chris will work on the language and bring it to the May 14 Senate meeting.

Next fall, the SLO-A committee will look at program reviews from instruction, student services, and administration.

5. Review WASC annual report on Student Learning Outcomes

The ARCC report was already sent in for this spring. It would be a good idea for the committee to review this report in the fall. The committee should also assist with preparation of the report next spring.

6. Other Business
