**Project Description**

To present ISW workshop topics by creating and modeling the use of varied technology to increase participant interaction.

**Project Outcomes**

**Created:**

**PowerPoint Presentation: The Mini-Lesson Model**

**PowerPoint Presentation: Student Learning Outcomes**

**PowerPoint Presentation: Designing Rubrics**

**Publisher: Workshop handouts, feedback forms**

**Revised:**

**PowerPoint Presentation: The Instructional Skills Workshop (Recruitment “Commercial”)**

**Presented/Discussed:**

- **WebCT-enhanced course -- access to course content, communication, online quizzes, resources**
- **Working with a learning coach to create PowerPoint Presentations for lecture, review, and practice**
- **using Respondus and Gorilla Survey- for online assessment and feedback**

**Assessment**

Verbal and written feedback collected from ISW participants indicated that they appreciated the opportunity to exchange knowledge and techniques. While feedback did not focus on the facilitators’ methods, response to the workshop materials and PowerPoint presentations was positive. The participants expressed interest in further workshops.
