Head Coach: Jenni Brochu
Assistant Coach: (To be announced)

The purpose of this team is to provide the youngest aspiring girls volleyball players with an opportunity to play as well as to provide a starting point to learn the game of volleyball at the youngest divisions. This is a competitive developmental program that spans approximately 5 months. There will be no tryout for this team. Instead this team will be filled on a first come first serve online registration sign up. Registration will open in November and will remain open through early January and/or until the capacity of 12 registrants is reached. Practices begin Tuesday, January 8, 2019* with a meet and greet, sizing of apparel, and a short practice once our meeting has concluded. This first meeting will start at 7:00pm. Practices will continue every Tuesday* at 7:00pm (with the exception of any scheduling conflicts with the gym or the coaches’ schedule) until the final tournament of the season. The competition schedule includes 4 tournament dates, each of which will consist of multiple matches a day with play beginning at 8:00am and ending by 3pm. Refer to the schedules below for the specific location of each tournament. Locations of each tournament are already determined to be at City Beach in Santa Clara, but changes to locations can happen throughout the season. Travel for the AAU Rec League is expected to be minimal with all tournaments located in the same south bay location. We anticipate travel times of no more than 30-45 minutes max (depending on where you live, traffic of the day, etc.). Because this team is a competitive developmental program, the team will be ran in accordance with our philosophy that development of a player is the most effective when applied in game situations. Playing time on this team will be distributed as evenly as possible throughout the season in order to allow each player the opportunity to apply the skills learned during practices in competition and game situations. The registration fee for this team if you choose to accept an offer to join is $800.00. This fee is separate from the required AAU Volleyball membership of $16.00. Participants on this team will also receive two (2) jerseys, one (1) pair of shorts, one (1) club T shirt, one (1) hooded sweatshirt, one (1) pair of sweatpants, and one (1) backpack.

Recommended qualifiers for this team: girls ages 10, 11, or younger (as laid out by the AAU Volleyball age divisions list for the 2018-2019 season). No experience is necessary for this team. Girls will be introduced to the basic fundamentals and strategies of the game of volleyball.

*Dates and times subject to change. Final dates and times should be confirmed before tryouts.

Playing time on this team will be distributed as evenly as possible to begin the season in order to allow each player the opportunity to apply the skills learned during practices in competition and game situations. Understand that certain positions in volleyball (setter, libero, etc.) may determine specific responsibilities as well as touches and playing time within a match. Coaches will do their best to have every athlete play multiple positions, which will increase the athletes understanding of every position’s responsibility as well as maximize each player’s potential playing time.

As the season progresses, coaches will make determinations as to which players have earned playing time based on the work put in during practices as well as results and statistical analysis recorded by the coaches. Development Team

Coaches: To be announced

The purpose of this team is to provide young, aspiring girls volleyball players at the ages of 12 to 14 (or younger) with an opportunity to play as well as to provide a starting point to learn the game of volleyball. This is a developmental program that spans approximately 4 months. Practice will begin on January 12, 2019* at 9:00am* and continue on a weekly basis on Saturday mornings.* (with the exception of any scheduling conflicts with the facility or with the coaches) until the final practice of the season on April 27*. There is no formal competition schedule for this team, but we work with other local clubs to try and setup informal scrimmages to allow the girls the opportunity to use the skills learned at practice in a more competitive situation. Scrimmages with other clubs are not guaranteed, and locations of each scrimmage are to be determined based on which club we scrimmage with and where they have practices. Typical travel time to each site is usually no longer than 60 minutes. We also have the ability to host scrimmages during our normal practice times and possibly weekends that the gym is available, but in the interest of trying to work with the other teams we may have to adjust the times of scrimmages accordingly. Because this team is an introductory developmental program, the team will be ran in accordance with our philosophy that development of a player is the most effective when applied in game situations. Playing time on this team will be distributed as evenly as possible in order to allow each player the opportunity to apply the skills learned during practices in competition and game situations. There is no NCVA/USA Volleyball membership, tryout pass, or AAU membership required for this team. There is no tryout for this team, and the team will be filled on a first-come-first-serve basis.

The registration fee for this team if you choose to sign up is $550.00*. Registration for this team will be open in November and remain open through the end of January until a minimum of 10 players is not reached or the max cap of 14 players has been reached. The registration fee is separate from the tryout fee paid when trying out for one of the Competition teams (10/11s, 12s, 13s, 14s, etc.). Tryout fees cannot be applied to registration fee for this team. Participants on this team will also receive one (1) t shirt, one (1) pair of shorts, and one (1) club sweatshirt.

Recommended qualifiers for this team: girls age 12 to 14 with little to no experience on organized competitive teams (school or club) that want to learn the basic fundamentals and team strategies of volleyball or girls looking to increase their level of experience in preparation for their next team endeavor.

*Dates, times, and fee subject to change. Final dates and times should be confirmed before registration for this team opens.
