Rev. 24September2018

AP 4226 Multiple and Overlapping Enrollments – Reference: Title 5 Section 55007

A student may not enroll in two or more sections of the same repeatable credit course during the same term unless the length of the course provides no overlap sections.

- The overlap is no more than five minutes per class session.
- The student provides a valid justification, other than mere scheduling convenience, of the need for a partial overlapping schedule.
- The student makes up any missed class time at some other time during the same week under the supervision of the instructor of the course for the duration of the overlapping period.
- The student, instructors, and division dean signs the form and approves the schedule.
