KEY FACTS

Student Success Scorecard—a Measure of Success

The Chancellor’s Office Student Success Scorecard tracks student success at all 113 community colleges. The report provides metrics on student progress and student success, student retention, and rates of completion and graduation. The results for each college is compared to statewide results and against a group of peer colleges.

How does Ohlone Score?

Ohlone showed improvement in six of the seven measures compared to last year, meaning that our continual efforts at progress are having a positive effect.

We have excellent improvement in completion of degrees and certificates for African American students (up 12%) and Hispanic/Latino students (up 6%).

Ohlone is No. 1 for underprepared students, including:
- Students who complete 30 units
- Persistence from semester to semester
- Basic skills math and English improvement
- Overall performance of underprepared students is up 3.2%

Ohlone students continue to perform near the top of all community college students in GPA and persistence when they transfer.

OHLONE COLLEGE
43600 Mission Blvd., Fremont, CA 94539 / 510.659.6000
OHLONE COLLEGE NEWARK CENTER
38389 Cherry St., Newark, CA 94560 / 510.742.2300
OHLONE PROMISE

The Ohlone Promise is a two-year scholarship for incoming freshmen that provides full tuition, books and fees, now in its fourth year.

17% higher

The overall GPA for Promise students is 17% higher than the average for all new students who begin at the same time.

The persistence rate (those who return the next fall semester) is 97%. Virtually all our Promise students continue on the next fall.

Ohlone Promise students do better than other new students in retention and success.

DUAL ENROLLMENT

High school students enroll in a class at their high school and in an Ohlone course at the same time. The student receives credit for high school as well as for college. As a result, students complete high school with transferrable college credits. Dual enrollment partnerships with the high schools develop more students who are prepared to take classes at the college level when they graduate.

9%

Dual enrollment increased by 9% compared to the previous year.

12%

Ohlone has the highest average rate (12%) of dual enrollment in the Bay Area.

NEW ACTIVITIES  What’s up at Ohlone?

Learning Communities

PUENTE PROGRAM  Spring 2016

Puente, a learning community aimed at Hispanic/Latino students, has connected students with mentors from government, education, nonprofits and private industry.

OHLONE MATH GATEWAY  Summer 2016

OMG!  OMG students were placed in summer internships with programs such as NASA Ames and Lawrence Livermore National Laboratories.

A^2Pi  Fall 2016

A^2Pi (pronounced “A-squared Pi”) is a learning community in engineering, which is aimed at African American, Pacific Islander and Hispanic/Latino students.

UMOJA PROGRAM  Fall 2016

Umoja (Swahili for “family”) is a learning community for African American students, providing support in math and English. The program includes support for transfer, and provides leadership opportunities and career development.

Embedded Tutors

The number of embedded tutors (tutors who work with students in the classroom during instruction) has increased to 92 sections of 33 courses. Over 1200 students now have access to embedded tutors. Course success rates in these sections have increased by almost 10%.

Veteran’s Resource Center

In April 2016 Ohlone opened a Veteran’s Resource Center on the Fremont campus to offer assistance and support for our students who are veterans.
