Subject: [Starfish] Your Academic Progress in Introduction to Microbiology (Course Name)

Dear Rachel Lands (Student),

Each term, we ask our faculty to provide us with information regarding how well students in their classes are performing academically. Your professor alerted us that there is a concern about your academic progress in Introduction to Microbiology (Course Name). Your instructor raised this alert because we care about you and your academic success. Based on your progress in this course thus far and without a substantial change in your work, you might be in danger of failing this course.

We recommend contacting your instructor immediately to potentially see what can be done to raise your grade in this course. You may email your instructor directly by replying to this email. You should also consider contacting an academic counselor or reaching out to other support services such as tutoring.

We believe that you can be successful in your academic studies and are here to help. We care about your success!

You may also want to review the academic calendar for the applicable Drop dates.

Sincerely,

Ohlone Student Success Team
