(continued on page 27)
Student Services Curriculum

Student Services as a division exists to focus on the whole student, and the entire student learning experience. Everything we do contributes to and promotes the quality of student learning. The vision of Student Services will center around five main learning concepts that will guide our work in defining our division’s Student Learning Outcomes.

RESPONSIBILITY

Student Services helps students develop personal responsibility for their lives, and their learning skills such as time management, budgeting, and ability to meet deadlines. Students learn self sufficiency, responsibility, and accountability through the co-curriculum processes of online admissions, placement, orientation, financial aid, transfer and career services, individualized counseling, and personal health services.

RESPECT

Student Services provides the co-curriculum of respect of self and others through a myriad of student development opportunities designed for learning about differences and commonalities. Participation in competitive sports and the opportunity to understand one’s own and others’ learning abilities and disabilities are components of respect. Student Services focuses on building a diverse learning community that demonstrates the value of each individual through trust, cooperation, and teamwork in an environment of civility.

INTEGRITY

Student Services helps students develop their honesty of character through awareness and intervention. The student code of conduct is built in tandem with the academic dishonesty regulations. The lack of gossip is encouraged.

LEADERSHIP

Student Services is in the role of providing leadership skill building opportunities through student development workshops, classes, and one-to-one mentoring. Student activities, associated students, clubs, peer mentors, launching leadership workshop series are all fundamental components of teaching students leadership skills.

PURPOSE

As one of our students said, “Everyone wants and needs to know their purpose.” Student Services is composed of professional educators who provide learning opportunities for students to self discover purpose. We provide leadership opportunities, academic advising, and personal and emotional support as students transform themselves through their self learning and academic efforts. Purpose is powerful.

Ohlone Student Services’ vision is an achievable possibility centered around the five concepts of a curriculum of Responsibility, Respect, Integrity, Leadership, and Purpose. The possibilities of Student Services are the possibilities for students. And the possibilities for students are the possibilities for Ohlone College.
- Develop sport specific skill sets in preparation for transfer or entry into professional and/or Olympic sports.
- Demonstrate critical thinking skills as they apply to game strategies and situations.
- Develop and demonstrate the connection between preparation for and execution of work; commitment to personal and team goals; acceptance of team diversity; and leadership skills.

The Financial Aid Office assists students in meeting educational costs while attending Ohlone. Financial aid at Ohlone is administered in accordance with the policies established by the United States Department of Education. Students are encouraged to apply early, as some financial aid funds are limited. Students apply for financial aid by using the Free Application for Federal Student Aid (FAFSA). The priority deadline is March 2. In addition, Ohlone College is required by state and federal regulations to ensure that funds are awarded to students who demonstrate the greatest financial need. Students need to complete the FAFSA online at https://fafsa.ed.gov.

Ohlone participates in Title IV federal and California student financial aid programs. There are basically two types of financial aid: grant and self-help (such as work-study and loans). Grants are awarded based on financial need and do not require repayment. Work-study students earn financial aid by working a part-time job. Loans are aid that must be repaid at a low interest rate. In addition, private and institutional scholarships are available.

Transfer Center

Fremont campus, Building 7, Third Floor

The Transfer Center provides resources to students weighing to explore college and university transfer. College and university recruiters come to Ohlone to meet with prospective students. Students can make an appointment through the Transfer Center to meet individually with a recruiter.

Ohlone’s Transfer Center also includes a resource library with current catalogs from California State University (CSU) campuses, University of California (UC) campuses, and other colleges and universities. Workshops are available on topics such as “The Application Process,” “How to Write Your Personal Insight Questions,” and “Transfer Admission Guarantee.”

While at Ohlone students may complete their lower division (freshman and sophomore) general education requirements and major courses prior to transfer. Many courses offered at Ohlone have been articulated with campuses of the California State University, University of California, and private institutions. Students are encouraged to meet with a counselor every semester in order to develop a specific transfer plan.

Ohlone College has also established various programs with specific universities such as Transfer Admission Guarantee and Cross Registration with California State University, East Bay and Cross Enrollment with UC Berkeley. For more information about these or other programs, please refer to Chapter 6 of this catalog or go to www.ohlone.edu/transfer.

Transfer Planning

Students should see a counselor to develop a student education plan and determine which general education courses are appropriate for their specific goals. It is important to note that some sequenced courses (such as ENGL-101A and ENGL-101B, and MATH-101A and MATH-101B) may not be accepted in transfer if they have been taken out of sequence.

Before transferring to either California State University (CSU) or University of California (UC) campus, students need to apply for an official General Education Certification which reflects completion of General Education requirements. This request should be made at the Office of Admissions and Records on the Fremont campus during the last term prior to enrollment at the university. In addition, students need to request that an official, final transcript is sent to the transfer institution.

Tutoring Services

The Ohlone tutoring system is college-wide, featuring a central tutorial services operation and numerous other discipline or location-specific tutoring sites. All sites give academic support to students needing extra help in understanding the concepts presented in the instructional process. Tutoring is provided for no charge to enrolled students to help them meet their academic goals.
