

CURRICULUM GUIDE 2021-2022

SLAM CONCEPTS

Certificate of Completion in SLAM Concepts

INTEREST AREA: SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS (STEM)

This noncredit certificate provides students with review and remediation of the math skills necessary for transfer level coursework in non-STEM majors in addition to teaching key aspects of college success in math courses. Students will learn the math competencies necessary for success in their current math courses.

Requirements for Certificate of Completion

- a) Complete two courses at Ohlone College.

Student Learning Outcomes

1. Choose and apply the correct mathematical formula to solving a real-world problem.
2. Utilize study skill techniques specific to math success.

MATH-901	Foundations of Math Success	9 hours
MATH-956X	Math for the Liberal Arts Support OR	18 hours
