SOCIOLOGY FOR TRANSFER

Associate in Arts in Sociology for Transfer (ADT)

The Student Transfer Achievement Reform Act (Senate Bill 1440, codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts in Sociology for Transfer is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing this degree are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

Students who complete the Associate in Arts in Sociology for Transfer will understand various perspectives on society and social relationships, will know how to apply sociological theories and concepts to everyday life, and will be able to critically examine varying aspects of social life, including a wide range of social problems and social inequalities.
