The meeting focused on these questions:

A. Is anything missing?
B. Is there an area in need of clarification?
C. Are there things that need to be changed or removed?

There were a number of suggestions made in terms of the flow of the document – some of the graphs and diagrams did not seem to be connected to the text or were hard to understand. These items will be deleted from the next draft (e.g. diagram on all institutional initiatives, graph on fall to spring persistence, data on faculty trends by ethnicity). There was also a suggestion to add the peak year of faculty positions (2007-08) rather than just the last year years when depicting faculty hiring trends.
