

OHLONE COMMUNITY COLLEGE DISTRICT

MEMORANDUM

TO: Board of Trustees

FROM: Dr. Douglas Treadway

DATE: January 25, 2006

SUBJECT: Approval of Amendment 6 to tBP Architectural Services contract, Project Assignment #2, Student Support Services building

tBP Architecture is proposing the following services for the Student Support Services Building.

In order to proceed with the early site preparation phase, which includes the demolition of Building 7, tBP must prepare separate bidding and construction documents for the Student Support Services Building. The separate documents will consist of the Site Preparation Phase and the Building/Site Improvements Phase. TBP is proposing an additional services fixed fee of \$47,340.00 plus reimbursables not to exceed \$2,500.00

With this amendment the total contract amount for Project Assignment 2 will be a lump sum fee of **\$2,015,187.00** plus reimbursables not to exceed \$43,300.00.

RECOMMENDATION

President/Superintendent recommends approval of Amendment #6 to Project Assignment #2 with tBP Architecture for the amount not to exceed \$49,840.00.

Subject: **Additional Services Proposal - Phasing (Split Documents)**
Student Support Services Center
Ohlone College Fremont Campus
tBP Project No.: 20446.04

Dear Ms. Walston:

Attached for District review and approval is a Professional Services Agreement for providing architectural and engineering design services for separating the bidding and construction documents for the Student Support Services Building into two phases – a Site Preparation Phase and a Building/Site Improvements Phase.

The primary objective of phasing this project is to demolish existing Building 7 (a noisy construction operation) between June 2006 and the middle of August 2006 when there are fewer students on campus.

Project Description:

The Site Preparation Phase consists of demolition of the existing building 7 and, to the extent to be established, the re-routing of existing site utilities, site retaining walls, rough grading, and winterization of the site. The Building/Site Improvements Phase will include construction of the Student Services Building and site improvements.

As discussed with Simon Barros and Don Eichelberger, separating the project into two phases is necessary if the District's desire is to begin "early" site preparation construction in June of 2006, followed by building and site improvements construction in February 2007. Meeting this schedule assumes that the District authorizes these services by no later than January 24, 2006, the District will conduct on-going reviews and approvals of the Site Preparation construction and bidding documents to help expedite the process, and DSA review of the Site Preparation documents will not be required or if required will take less than two weeks.

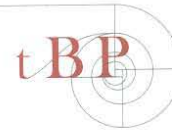

Scope of Services:

tBP/Architecture will provide the following Architectural Services as set out in the "Agreement for On-Going Architectural Services, dated September 8, 2004" and as modified herein.

1. Separation of the Construction Document, Bidding, and Construction Administration Phase services into a Site Preparation Phase and a Building/Site Improvements Phase as described herein.
2. Expedite the Site Preparation Phase services.
3. Review meetings with DSA to expedite or delete the Site Preparation Phase DSA Plancheck process.

Architectural and Engineering Design Services:

Our Proposal provides Architectural, Civil, Landscape, Structural, Mechanical, Electrical, Telecom and Cost Estimating design services only.

Compensation for Design Services:

Compensation shall be a fixed fee of Forty-Seven Thousand Three Hundred Forty Dollars (\$47,340.00).
This breaks down as follows:

Sandis (Civil)	\$12,000.00
JLJA (Landscape)	\$1,500.00
DASSE (Structural)	\$4,500.00
Ainsworth (Mechanical)	\$3,750.00
Twofit Wolff Farrow (Electrical)	\$3,500.00
IDA (Telecom)	\$3,150.00
Hanscomb (Cost Estimating)	\$1,000.00
Sub Total Consultants Fee	\$29,400.00
Architectural Administration of Consultants	\$2,940.00
Architectural Design/Coordination	\$15,000.00
Total Fixed Fee:	<u>\$47,340.00</u>

Reimbursable Expenses:

Reimbursable expenses are in addition to the fee and include expenses incurred in the interest of the Project as identified in the attached Professional Services Agreement. We recommend a budget allowance of Two Thousand Five Hundred Dollars (\$2,500.00) for project-related expenses.

Please review our proposal and feel free to contact us to discuss the details. Thank you again for asking our team to perform these professional services.

Sincerely,
tBP/Architecture, Inc.
