OPEN MEETING:

1. Roll Call

Approval of the September 27, 2021 College Council Minutes

The September 27 minutes were approved by all members present with no abstentions. Member Zhou joined meeting after approval of minutes.

2. College Council By-Laws

- Jeff Roberts, Kinesiology Faculty and College Council Co-Chair, presented this item.
 - It was noted that the published version of the [College Council By-Laws](#) were last modified and approved on February 12, 2018. An updated draft version of the by-laws was presented to College Council on December 2, 2019, with no further action. Due to the lapse of time of the presentation, the College Council By-Laws will be reviewed and presented as a future agenda item in the spring semester to bring them into alignment with current practices.

3. Return to Campus

- Chris Dela Rosa, Vice President of Administrative and Technology Services, and Milton Lang, Vice President of Student Services, provided a status update on the COVID-19 student and employee vaccination mandate.
 - It was noted that on Friday, October 8, 2021, a total of 133 students were dropped due to non-compliance with the COVID-19 vaccination mandate. However, by Sunday, October 10, a little over 60 students provided the proper vaccination documentation, bringing the student vaccination rate to 92%. As of October 11, 2021, Ohlone employee vaccination rates reflected the following: 100% CSEA, SEIU, temporary employees, and all faculty currently teaching in-person classes; 99% Full-Time faculty, managers and DDAS members; 90% Adjuncts. Due to

the decline of COVID-19 infections, the COVID Safety Committee (formally known as Return to Campus; RTC), proposed the following recommendations for Spring 2022:

- Social Distancing – will no longer be required effective January 1, 2022
- Mask Mandate – indoor usage will remain until *or* unless stated otherwise by Alameda County
- Classrooms – will return to pre-pandemic classroom capacities

Beginning late fall into early spring, employees and students will be able to host in-person events on campus and resume utilizing the College's indoor open spaces as normal.

4. District Facilities Master Plan (DFMP)

- Narinder Bansal, Environmental Studies Faculty and Sustainability, Facilities, and Workplace Safety Committee Chair, and the ELS Architecture and Urban Design consultant team, lead a conversation surrounding the 2022-2032 District Facilities Master Plan planning.
 - It was noted that the ELS Architecture and Urban Design consultant team's goal is to obtain a diversity of opinions from everyone at the College under a shared governance model. College Council members provided feedback to ELS consultants in regard to the 2022-2032 District Facilities Master Plan (DFMP). Some highlights included:
 - Having a physical presence in Union City
 - Goals for noncredit enrichment
 - Creating a makerspace for entrepreneurship programs
 - Non-apportionment revenue streams
 - Increasing/growing student services at both Fremont and Newark campuses
 - Asynchronous, synchronous, and HyFlex instruction; college enrollment opportunities
 - Methods to support engagement with the broader district community
 - The campus frontage landscape; a better community feel and appearance
 - Faculty, staff, and student housing
 - [Assembly Bill 927](#)
 - Newark: matching services that parallel Fremont

5. Heard it Through the Grapevine / Looping / Suggestions for Future Topics

- **Comment:** Larissa Favela, Melissa Cervantes, and Yvonka Headley provided a presentation to the California Community Chancellor's office about Ohlone's Guided Pathways work and accomplishments. A lot of great feedback was received.
