
2. Select “I am the Student” then select “Create one.”
3. Follow the steps to **create your FAFSA ID**. (Make sure not to lose or forget your username and password since they are very important to your being capable of finishing your application.)

4. Go back and log in to your newly created account by entering your username and password.
5. Read and accept “Disclaimer.”

6. Next start a new application and make a username and password for it. Now all that’s left is for you to fill out your information, approve and sign then hit “Submit” and you’re done!
