1. Go to Ohlone homepage and click “Apply.”

2. Create an Open CCC account by clicking “Create an Account.”
3. Follow the steps to create a new account.

Create Your OpenCCC Account

OpenCCC allows you to access California Community Colleges secure web applications.

You Must Have an Email Address

The California Community Colleges and OpenCCC will use email to send you important information. You will need to provide an email address when you create your account.

Free email accounts are available from many sources:

- Google Email
- Yahoo Email
- Microsoft Outlook
- Other Providers

Note: While all of the providers listed above have millions of users and are widely trusted to be reliable and secure, OpenCCC and the CCC Chancellor’s Office do not endorse any particular email provider, and will have no liability should any issues arise with a particular email provider.

All information is kept secure and private as explained in the Privacy Policy. By creating an OpenCCC account, you are agreeing to the terms and conditions of the Privacy Policy.

4. Fill out all your information and create a password and a username (make sure not to lose or forget your username and password since they are very important!)
5. Now go back and sign in to your newly created Open CCC account

6. Now you would select “Start New Application”

7. Follow the steps to input your information and submit the application. Make sure that at the end you take note of your confirmation number after you submit your application. After 1-2 business days you will receive an email with your Ohlone Student ID which you will need for registering for classes.
