Curriculum Committee Goals: 2020-2021

Item-1: CC Training
   o Continue to provide the Title 5 mandated Curriculum Committee training which will include, at minimum, the process of screening courses and programs in CurricUNET.

Item-2: Cross-referenced course offerings
   o Cross-listed courses can “be confusing for students.” In fact, “In some cases, they are very helpful but in some cases maybe not so much.” Further, one of the inquiries surrounding cross referenced courses is “What criteria does the CC use when reviewing the requests via the COR?”
   o It will be the intent of the CC to discuss this topic further, with support from VPAA Tony DiSalvo, in order to determine whether there is enough information to conclusively substantiate the fact that cross-referenced courses are indeed confusing for students.
   o The CC will then discuss the manner in which cross referenced courses can or should be better handled so as to mitigate or minimize the issue.

Item-3: CC Guidebook
   o Show the CC Guidebook to the CC members for their input before launching the Guidebook to all faculty.

Item-4: Anti-racist pedagogy and curriculum
   o As per direction of the CCCCCO and Dr. Bishop, discuss the issue of Anti-racist pedagogy and the Curriculum Committee: incorporate topics of race and inequality into course content; teaching from an anti-racist pedagogical approach; anti-racist organizing within the campus and linking efforts to the surrounding community.

Item-5: Guided Pathways (GP) and the Curriculum Committee (CC)
   o Coordinate efforts with the GP, accordingly.

Item-6: Revise 16-17.5 Unit Certificates of Accomplishment, per Title 5, §55070
   o Ensure that by the December 2020 Curriculum Committee meeting all certificates of accomplishment align with the new unit requirements mandated by Title 5, §55070.
