DISTANCE EDUCATION COMMITTEE GOALS
2020-2021

1. Generate ideas and begin the process of developing and implementing a Peer Review course approval process to ensure quality curriculum and pedagogy that meets state and local criteria for effective contact, ADA compliance and effectively meeting student learning outcomes through distance learning. Initiate conversations across the campus.

2. Provide opportunities for professional development pertaining to effective teaching methodologies and the use of new technologies in online learning. Continue to listen to faculty with respect to what they want to learn and/or explore during Flex Week.

3. Pursue continued and robust institutional support for distance education and resources necessary to build a stellar online program (i.e. ADA compliance).

4. Discuss the inherent inequities associated with distance learning guided by data. Continue to identify and encourage diversity, equity, and inclusion, including anti-racist pedagogy in online courses.

5. Ensure all active courses with outcomes that can feasibly be met through distance learning have a local approval for online delivery in place by the end of 2021.
