One $1,000 scholarship will be awarded to a student with a love of math. The purpose of the Josephine Butala Mathematics Scholarship is to provide financial support to outstanding students in technical academic areas who intend to complete at least a bachelor’s degree.

To apply for this scholarship, you must:

- Display excellent academic potential in math, or an academic area related to mathematics, such as but not limited to engineering, physics, and/or computer science.
- Have completed or be currently enrolled in at least three of the following Ohlone College courses: Math 101B, 101C, 103 and 104.
- Be majoring in a Math-related field.
- Plan to be enrolled in a bachelor’s degree program the following academic year, in a Math-related area.
- Write a short essay on how you demonstrate the characteristics of someone who works well in a team and is willing to help others. (150-300 words)

Application Period: December 20, 2021 - March 2, 2022
