

RTC UPDATE: Pause on Return to Campus/Work

Dear Colleagues,

Our plan to gradually return to campus/work will take a pause until August 3.

The decision to remain closed until then is predicated on the time needed to properly prepare our campus for appropriate safety protocols.

We recognize that there are employees who prefer to come to Ohlone to work for various reasons. If you so desire, please work with your supervisor. Supervisors should contact me to discuss how best to accommodate the employees' preference. Considerations to accommodate will include the number of employees requesting to work on campus and the employees' work location.

More information will follow in the next week or so.

Shairon Zingsheim
Vice President, Human Resources and Training
