Student-led Ethnic Identity and Mental Health Research Project

4/12/21 Fremont, CA (virtual) April and May 2021

Through a digital survey, we will be testing variables such as study habits, anxiety, depression, and the impact of covid, to determine the relationship to mental health for each ethnic identity within Ohlone. We hope to reward at least the first 100 who take the survey with a $5 gift card.
There are eleven students currently a part of the research core-team, working to organize the survey, prepare questions, obtain funding, and contact advisors. However, the survey will be taken by as many Ohlone students as possible, so the project will serve all students of the Ohlone community.

The eleven core-team researchers have collaborated to find an area of research that interests us all; we are each focusing on a different aspect of mental health.

We have all decided that the money will be entirely spent on obtaining $5 gift cards for at least the first 100 people that take the survey, in order to provide incentive and broaden our population size.

Members from the AMSA Club and Psychology Club are a part of the research project, and our advisors are STEM professors at Ohlone.

We have designed various digital fliers to motivate students to fill out the survey, and participate in our research project. We hope the financial incentive will attract a wide audience. We also plan to publicize the event by directly contacting peers through email.

Due to COVID, we will be doing everything online.

**ICC Funding Policy (For Clubs Only)**

**Statement of Purpose:**
ICC supports the funding of club events and activities that engage the larger Ohlone College community, foster cooperation of campus organizations and clubs, support fundraising efforts of campus clubs, and provide an educational benefit to the campus community.

**General Guidelines:**
- In granting funding requests, ICC shall be guided by the above statement of purpose.
- In each semester, ICC shall distribute no more than one half of its total budget.
- Clubs are limited to two requests per semester, with a maximum of $500 per request.
- No club shall be awarded more than $1,000 per year.

**Guidelines for New Clubs:**
- A club shall be considered “new” if it has not been active for 2 consecutive academic years or 4 consecutive semesters.
- New clubs will have a 2-month, or 40 school-day, probationary period, from the time they are given active status, during which they can not ask for funding.
- At the end of the probationary period, a club can request a maximum of $75 from ICC through the standard request procedure.
- At the beginning of the semester following probation, a new club may request funding under the same criteria and guidelines as other clubs.

**Procedures and Accountability:**
- Every club shall submit a written request for funding to ICC through the “Club Event Money Request Form.” Forms can be picked up and turned in at the Campus Activities Office.
- Clubs MUST complete detailed projected budget information for each event listed on the Request Form.
- Clubs MUST submit an actual budget and event recap after the event is held. If money is not used properly, the club may forfeit its rights to further funding.
- The process will take approximately 2 weeks once the form is submitted. A club must be prepared to present the material on the Money Request Form at the following ICC meeting. The funding decision will be made at the subsequent meeting.

I have read and fully understand the ICC Club Funding Policy and am aware of the procedure my club must follow in order to request funds.
