

## Change or Declare Major (Academic Program) Form

Name: \_\_\_\_\_ Student ID or Social Security #: \_\_\_\_\_

Phone: \_\_\_\_\_ Email: \_\_\_\_\_

Lease list ALL majors you intend to pursue. **You must select your major from the major codes listed on page 2 of this form.** Major codes are updated each term, so please be sure you are using the most current list. The term is noted on the list. You may enter as many majors as you desire to pursue.

**Counselor review is recommended prior to making a change to your major.**

Major Code(s): \_\_\_\_\_  
*Example: if you want to pursue Business Administration, you would enter: AA.BA.TR*

Catalog/Program Year: \_\_\_\_\_  
*Example: 2018-2019*

The catalog year you enter is very important. Program or graduation requirements may change significantly from one year to another. The year of the college catalog or curriculum guide you enter should match the one that lists the requirements you are pursuing and for which you are eligible. Please see the Catalog Rights section of the Academic Regulations for more information on catalog year eligibility.

Failure to enter the appropriate year can result in the denial or delay of your application for a degree or certificate. If you are unsure what catalog year you should enter, please meet with a counselor to review your education plan.

**Deactivate ALL prior majors.**  
Select this option if you have prior majors on your record that you no longer wish to pursue. This will inactivate academic programs on your record that you have not listed above but does not affect any major you have already graduated with.

Student Signature: \_\_\_\_\_ Date: \_\_\_\_\_

### Why do you need to declare a major?

To be awarded an associate degree, certificate of achievement, or certificate of completion (also referred to as a fast track certificate), you must have a declared academic program. These awards are acknowledged on your transcript for use by educational institutions, employers, prospective employers, and various agencies and departments.

Students with a declared major may have earlier registration dates and times than students who have unknown or undeclared majors.

Declaration of major may also affect your financial aid eligibility and awards.
