Puente builds a bridge for high school students to enter college, thrive in their academic experience, and transfer to a four-year university with confidence. Students develop important skills, make connections with their classmates and work closely with a counselor. The program is open to all students.

Puente students:
- Succeed academically
- Achieve their academic goals
- Are recognized as leaders and scholars
- Graduate from four-year colleges and universities; and
- Belong to a statewide network of leaders and professionals

What is Puente, and how does it work?
The Puente Project is a transfer learning community, consisting of three components: English, Counseling, and Mentoring. It is like a familia because students take classes together, and participate in several activities and events.

To join Puente or for more information, please contact: Adela Kimball (Puente Counselor) akimball@ohlone.edu
