It is against federal regulations for any student to receive federal financial aid from two schools during the same semester/during the same enrollment period. Ohlone has the consortium with Chabot College. IF you concurrently take classes and Ohlone and Chabot, your units can be combined by filling out the consortium agreement form which can be obtained from your parent school. It is your responsibility to notify the Financial Aid Office if you receive aid at another school during the same academic year.

I certify that the information contained on this form is true and complete to the best of my knowledge.
